Dear Dr. Campbell:

It was a pleasure to talk with you about the plans for a new university at Boca Raton, and I am glad that you have agreed to serve on the Advisory Committee. Other members of the Committee will be John E. Ivey, Jr., Gordon Blackwell, Ray Carpenter, Howard Phillips, and Meredith Wilson.

As you know, a tentative plan for the new university at Boca Raton has been prepared by Dr. John E. Ivey, Jr., for the Board of Control of Florida. The plan embodies forward-looking ideas designed to provide an educational program of outstanding quality within the financial resources of the State.

The plan has been approved by the Board of Control with the understanding that before the program is put into effect further refinements and revisions may be required.

The Advisory Committee, therefore, is asked to review the plan and to address itself to the general question, in what respects, if any, should this plan be revised to improve its promise of success? More specifically, what practical problems should be anticipated and how can these problems be solved?

It is urgent that the Advisory Committee complete its assignment at an early date because requests for funds for developing the plant and employing the initial personnel of the new university must be presented to the next session of the Florida Legislature, which will convene on April 4, 1961.

As I mentioned to you in our telephone conversation, the Advisory Committee will meet for two days on the 16th and 17th of June and again for two days during the week of July 18. If you can not get back from Williamsburg in time for the meeting on the 16th, we will look forward to having you meet with us on the 17th.

The Planning Commission will provide an honorarium for the days spent in the conference.

I look forward to our association on this project.

Sincerely,

A. J. Brumbaugh
Director, Planning Commission

Dear Dr. Campbell:

We are making plans for a meeting of the Advisory Committee. We want to choose two days on which every member will be able to be here if possible. Therefore, it will be helpful to us if you will let us know on which of the following dates you would not be able to attend:

October 20-21
October 24, 25, 26, 27
November 1, 2, 3, 4
November 9, 10, 11

Please let us hear from you as soon as possible.

Sincerely,

Dear Dr. Brumbaugh:

Thank you for the brochure on the proposed Boca Raton University. This is a most excellent presentation which reflects the careful planning that has gone into the enterprise.

It has been a great pleasure to me to have had a very small part in reviewing the plans as they have developed. I do not know of any instance in which more mature planning has been made for a proposed new institution. You and your associates have rendered a great service to the State of Florida.

Cordially yours,

Doak S. Campbell.
