

November 1, 1979

WHEREAS, the College of Engineering at Florida Atlantic University offers both the bachelor's and the master's degrees in its three Departments of Electrical, Mechanical, and Ocean Engineering, each of which has been fully accredited by the appropriate professional engineering councils; and

WHEREAS, the Department of Ocean Engineering has gained a national reputation for leadership in its field as one of only six departments in the nation offering undergraduate programs in this vital discipline; and

WHEREAS, the State of Florida is embarked upon a program designed to attract new, clean, research-oriented industry to the State, industry which requires the services provided by institutions of higher learning such as Florida Atlantic University and its College of Engineering; and

WHEREAS, the faculty of the College are now hampered in their research and teaching activities by inadequate facilities for classrooms, laboratories, and equipment,

NOW THEREFORE, be it resolved that the Economic Council of Palm Beach County does urge the Legislature to appropriate, during its next session, adequate funds for a building to house the FAU College of Engineering, in accordance with the recommendations and priorities of the Board of Regents, so that architectural plans already completed may move on to the construction phase.

WE FURTHER RESOLVE that a copy of this resolution be sent to the Palm Beach and Broward Legislative delegations and to the appropriate members of the Legislative leadership as well as to the Governor and the Commissioner of Education.

Ms. Betty Baldwin  
Chamber of Commerce of Greater Boca Raton  
1800 N. Dixie Highway  
Boca Raton, Florida 33431

Dear Betty:

The lost material has been found -- a real comedy of errors.

Enclosed is the resolution as well as a letter for Mr. Workman's signature to go with the resolution to each of the legislators on the enclosed lists.

We have also enclosed the list of the members of the Board of Regents and the Chancellor as well as the Cabinet. The Chamber may not want to send this to all of these people, but it is a comprehensive list for the most clout.

I will appreciate a blind copy of the mailing and indication of those to whom it went, for our records. We greatly appreciate the support of the Chamber and your efforts in this project, too.

Sincerely,

Adelaide R. Snyder  
Director

ARS/ct

cc: Mr. Tom Workman

Dear Representative :

Enclosed you will find a copy of the resolution passed this week by the Board of the Greater Boca Raton Chamber of Commerce, encouraging support for funding of a College of Engineering Building at Florida Atlantic University.

We hope that we can count upon your wholehearted efforts in this cause.

With all good wishes, I remain

Sincerely yours,

Thomas Workman  
President

Mr. Thomas Workman  
President  
Chamber of Commerce of Greater Boca Raton  
Boca Raton, Florida 33431

Dear Tom:

I was extremely pleased to learn from Bud Stewart that the Chamber of Commerce has urged the Legislature to appropriate adequate funds for the construction of a building to house the FAU College of Engineering.

The University has a strong commitment to provide high-quality programs of instruction, research, and public service. It is very encouraging to have the support of the leadership of the Chamber of Commerce in this important undertaking. You and your Board of Directors have my heartfelt thanks for your splendid assistance.

Sincerely,

Glenwood L. Creech  
President

**Mr. Ken Ellingsworth  
Executive Vice President  
Greater Delray Beach Chamber of Commerce  
64 Southeast Fifth Avenue  
Delray Beach, Florida 33444**

**Dear Mr. Ellingsworth:**

Please excuse my delay in acknowledging your letter. I was away when it arrived.

I was delighted to learn that the Greater Delray Beach Chamber of Commerce is supporting the University's efforts to get the kind of building which the College of Engineering needs for fulfilling its important mission. The resolution which you have adopted and distributed to our legislative delegation will be extremely helpful to us.

As you know the University is playing a vital role in the economic development of our area. It has a strong commitment to provide programs of instruction, research and public service which will serve the needs of our citizens and industries. We have established high standards for all our programs, and the kind of support you have given us will help to ensure that these standards are maintained.

On behalf of all our students, faculty, staff, and alumni, I express warmest thanks to you and your Board of Directors for your splendid assistance.

Sincerely,

**Glenwood L. Creech  
President**

October 18, 1979

Dr. Glenwood Creech  
President, Florida Atlantic University  
500 N. W. 20 Street  
Boca Raton, Florida

Dear Dr. Creech:

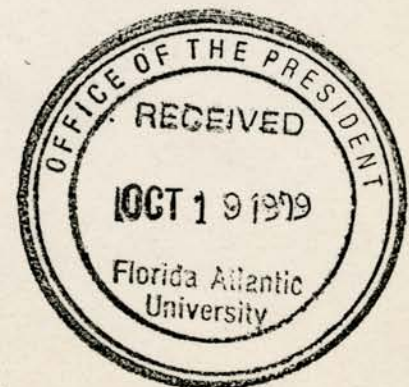

Happy to enclose a copy of the resolution which we are forwarding to our legislative delegation and to the Board of Regents.

We appreciate your being with us at our Coffee Club last month and hope the enclosed resolution will be of help in your efforts for the College of Engineering.

Cordially,

Ken Ellingsworth  
Executive Vice President

GREATER DELRAY BEACH CHAMBER OF COMMERCE

64 SOUTHEAST FIFTH AVENUE - TELEPHONE 278-0424 - DELRAY BEACH, FLORIDA 33444

WHEREAS, the College of Engineering of Florida Atlantic University has established itself as a fully accredited institution with Departments of Mechanical, Electrical, and Ocean Engineering and has gained a national reputation for leadership in ocean engineering; and,

WHEREAS, The College of Engineering has established an excellent working relationship with our business community, providing educational advancement opportunities and technical service; and,

WHEREAS, the College is hampered by lack of adequate facilities for teaching and research,

NOW THEREFORE, be it resolved that the Greater Delray Beach Chamber of Commerce urges the legislature to appropriate sufficient funds during its next session, for construction of facilities to house the Florida Atlantic University College of Engineering, in accordance with the recommendations of the Board of Regents.

IN WITNESS WHEREOF, we have hereunto set our seal this 3rd day of October, 1979.

Board voted to  
support our Engineering  
Building. Wants back-  
ground information &  
Resolution form supportive  
of the engineering building.

October 11, 1979

Mr. Kenneth Ellingsworth  
Executive Vice President  
Delray Beach Chamber of Commerce  
64 S.E. 5th Avenue  
Delray Beach, Florida 33444

Dear Mr. Ellingsworth:

We were so pleased to learn that the Delray Beach Chamber of Commerce has taken action in support of our plan for a College of Engineering building.

Enclosed is the draft of a resolution which would be appropriate to use in announcing your support.

Also enclosed is a draft of a cover letter which you might wish to send to the persons whose support you are seeking. Along that line we have enclosed a list of the members of the Board of Regents and the Chancellor. We can also provide a list of the legislative delegation, should you wish it, though perhaps you already have that information readily available.

Again on behalf of Dr. Creech and Dean Akhurst I extend sincere appreciation. Please let me know if this is satisfactory or if there is anything else we can do.

Sincerely,

Adelaide R. Snyder  
Director
