CRIMINALS DELUXE

Eleanor Roosevelt, who has for 25 years been the mastermind of the Roosevelt dynasty, was the one who steered her husband out of the lethargy of defeatism and promoted him into the White House.

This same Eleanor Roosevelt with all her machiavelian technique is now masterminding the campaign to return the Roosevelt dynasty to power. She launched her son Jimmie into the California political scene, while simultaneously launching her son Junior (FDR, Jr.) into the political arena of New York State. Whichever one makes the best showing will be Eleanor's candidate for President.

This aggressive amazonian female, who personifies opportunism at its worst, is not alone in her campaign to recapture the White House. She has the support of the following aggressive elements: (1) All Jewish organizations; (2) All important Negro organizations; (3) All socialistic and left wing groups; (4) The great stupid mass of un-informed illiterates who were taught by *Government-bought* and *treasury-paid-for* propaganda to worship the late FDR.

If the Roosevelts get back into the White House they will never leave it. They will immediately seize the public treasury and with the taxpayers' money buy themselves into permanent power. They will set up a pseudo royal family, and with Jew finance behind them, they will rule and reign with the tyranny of Lenin and Stalin.

No mature thinker can survey the American political crisis without being conscious of the fact that the total background of the Roosevelts is criminal, treasonable, demagogic, opportunistic and ruthless. No one can understand the Roosevelts without understanding three things: (1) Their Jewish blood and associates; (2) Their love of money and power; (3) Their fraternization with Communists and their ilk.

The first fact explains their temperament; the second accounts for their willingness to do anything; and the third helps us to understand why our country now stands be-

trayed, with our choicest military secrets in the hands of our worst potential enemy, and with Christian civilization standing with its back to the wall, waiting in holy dread for the moment when the savage Russians and their allies and their slaves will move in upon us, pillaging our homes, raping our women, slaughtering our clergymen, and imprisoning our sons and daughters.

There need be nothing revengeful or partisan about alerting ourselves to the Roosevelt conspiracy. The problem now has gone beyond partisan politics. It is a question involving 'life, liberty and the pursuit of happiness.' It involves a death struggle for the preservation of the Republic.

THE DELANO FORTUNE

Behind the Roosevelt dynasty stands the Delano fortune. The letter "D" in Franklin D. stands for "Delano." Mrs. James Roosevelt, the mother of F.D.R., was a Delano. James Roosevelt, the father of Franklin, was 26 years older than Franklin's mother. Incidentally, they were cousins. This perhaps accounts for a family psychology which permitted the young Franklin to marry his cousin Eleanor. Thus we have two generations of the intermarriage of cousins in the Franklin Roosevelt family.

Even *Look Magazine*, which has always been somewhat of a booster of the Roosevelt clan, admitted recently in an article that when Franklin grew up he was somewhat of a sissy and a Mama's boy. No one seemed to restrain him when he decided to marry his cousin Eleanor, a frustrated, ugly duckling who had been raised by private nurses and European tutors and who never entered a schoolhouse until she was nearly 20. Out of this intermarriage of cousins and frustrates came the abortive administration which gave America 15 years of treason, debt, war and bankruptcy.

One of the outstanding attributes of the Roosevelt cabal is their complete lack of conscience concerning all matters involving conduct, morals, financial dealings, political promises, etc. This is easy to understand when we reflect

on the fact that the Delano fortune was assembled by Delano, the Senior, and his affiliates in the Orient by the sale of dope, Delano wasn't just a dope peddler. He was a dope merchant. He reduced his vice to a wholesale formula and thus accumulated a vast estate, which was later to be passed on to the rulers of the United States—and I do not use that word "ruler" inadvisedly—that is exactly what they became.

THE ROOSEVELT FORTUNE

Eleanor as well as Franklin was a Roosevelt. Her maiden name was Roosevelt. The father of Eleanor was an alcoholic, a sharp trader, and a ruthless crook. Both Roosevelts, the father of Franklin and the father of Eleanor, pursued their business with little or no regard for the common decencies. They established their baronial estate in the Hyde Park zone, and there they lived like royalty, extracting their dividends and their profits from the blood, sweat, tears and the depravities of the helpless masses. Franklin's father refused to associate with ordinary citizens and insisted that when anyone was entertained in his home such a one should be a titled personality or royalty. Although the Senior Roosevelt who was the father of Eleanor was an alcoholic and unable to pursue his business with any degree of consistency, he accumulated much of his fortune by sharp practices and crooked deals involving Ohio River shipping facilities.

James Roosevelt, Sr., father of Franklin, died while little Franklin was merely a pampered child in the hands of nurses and tutors. From then on the widowed mother ruled Hyde Park like a tyrant queen. She controlled every act of Franklin until he married Eleanor and then the two hard-headed, determined women, frustrated by background and circumstance, entered into almost a death struggle for control over the life of the grinning manikin that was some day to serve as the ruling figurehead over a once free people.

THE PERSONAL LIFE OF F. D. R.

The man was a snob for his entire life. He grew up alone. His mother considered him too good to associate with ordinary children. He never entered a schoolhouse until he was 14 years of age, when he was sent to Groton, the most exclusive boys' school in the East. Here he made rather ordinary grades and was schooled in the art of exclusiveness and snootiness. Later he was sent to Harvard University and graduated as rather a mediocre student of law.

His personal life, as relates to women, is rather a nebulous story. It seems that he was no ladies' man and he had 'no way with the girls.' His aggressive approach to women was confined largely to social detours which had best not be summarized in this manuscript. Suffice it to say, it is generally believed that he married Eleanor in order to keep the estates of the 'two royal families' together. It is generally believed that his mother manipulated, what turned out to be, rather a synthetic romance.

SLOT MACHINES

Franklin Roosevelt became a lawyer without clients. He had no practice. He earned no money. He depended upon his mother. First he was Mama's boy, and next he was the puppet of his aggressive wife Eleanor. This bothered him, but it didn't bother him as much as hard work. He didn't like to work. He didn't like to study. He didn't like to apply himself. Consequently, he looked about for short-cuts.

Close to his Hyde Park estate lived another indolent scion who was never quite able to make a living for himself. His name was Henry Morgenthau, Jr. The elder Morgenthau was a shrewd, aggressive Jew. Strange enough, the elder Morgenthau was an enemy of Zionism and branded it as a bold, brazen racket. Little did he realize that his son Henry, Jr., would some day become one of the stuffed-shirt heads of the world Zionist movement.

Franklin and Henry got together and they decided to go into the slot machine business. The machines were to vend all sorts of merchandise from coins to neckties, from slugs to underwear. They were to take the place of stores, haberdasheries and whatnot. Of course, it wasn't their idea. It was the idea of a slick bunch of promoters who hoped to cash in on the Morgenthau financial contacts and the Roosevelt name, which had become rather popular, not by way of Hyde Park, but by way of Oyster Bay (the home of the Teddy Roosevelts). Incidentally, the James Roosevelt branch had always been Democrats. The Teddy Roosevelt branch, which even to this day has nothing to do with the Hyde Park clan, was always Republican*

Suffice it to say, Franklin and Henry cleaned the public for an amount alleged to be between two and three million dollars. Their slot machine venture went broke and the stockholders held the bag.

THE GERMAN PAPER CURRENCY RACKET

Following the first world war, Germany descended into a pitiful financial circumstance. Polish and Russian Jews flooded Germany, and Jews from all over the world came to the defeated nation and cashed in on the suffering of the German people. The abuses which they worked upon the German Christians resulted in the violent nausea and reaction which later produced Hitler and his compatriots. It didn't require a very imaginative leader to ask the Germans to shift the control of their nation from Jew to Christian. The old families of Germany were eating roots and

*Many Republicans to this day, however, feel very bitter toward Teddy Roosevelt. They are not so sure but what it was the strategy of this dynasty to play both sides of the street. The proof given to establish this theory lies in the fact that when Teddy started the Bull Moose Party he split the Republicans, brought Wilson to power, which gave America 40 years of behind-the-scenes rule by the over-publicized and under-exposed Wall Street manipulator and international Jew, Bernard Baruch.

boiling grass; losing their homes and business properties under an inflationary technique which had been manipulated by the international Jewish bankers.

German paper money became as common as baled hay. A set of racketeers and thieves in the United States figured that it would be a good idea to bring over a shipload of this currency, which was not worth the paper it was printed on, and sell it to the American people with the idea that some day it would be redeemed at face value. The fact was, it had no value. It was worth as much as Confederate money after the Civil War.

The crooks and the racketeers needed a 'front' — they needed a 'grinning face.' They needed a society man to make the thing look decent. They selected as their 'attorney' Franklin D. Roosevelt. Suffice it to say, the public was again cleaned of from two to five million dollars. How much of these crooked millions fell into the hands of Franklin Roosevelt, only God knows. The very fact that he would have anything to do with such rackets as the vending machine experiment or the German currency steal should have disqualified him in the mind of the American people as having no value whatsoever as a public servant.

AMERICA'S PHYSICAL TRAGEDY

As an adult in his twenties, Franklin Roosevelt was stricken with infantile paralysis. Never has an individual or a public figure held such a tragedy from the public as artfully as did Mr. Roosevelt and his family. I spoke in Flint, Michigan, as late as 1940 to a large audience. At that time I told the audience that we had a sick man for President, and although a man should be pitied and understood who lacked full physical strength, we should not risk the destiny of our nation in the hands of a man who could not walk. The audience sighed, some booed, some hissed, because many thought I was lying. They didn't believe that Franklin Roosevelt was paralyzed. They had never heard it before. Such was the case in every American community.

RABBITS IN GEORGIA

In the meantime Franklin and his ilk and his playmates had thought up another cute deal. They were going to get rich growing rabbits and they had acquired some wild cheap land in Georgia. After having acquired the land they found that the rabbit venture was not as hopeful as they had believed, but they did discover that there was a spring bubbling warm water on the land, and Franklin and his promoter-minded pals considered this a great place for the development of a resort where claims for the cure of rheumatism, etc., would be made.

THE MARCH OF DIMES — TO WHOM AND HOW MUCH?

The March of Dimes was originated by the little wall-eyed Jew-leftist Eddie Cantor (a radio and motion picture personality). Cantor was recently exposed by the great Hollywood producer Myron C. Fagan as being in the left wing orbit of pro-Stalin propaganda, having even signed a cablegram of congratulations to Joe Stalin at one time, in the home of the Kremlin's pal, Charlie Chaplin.*

The public was told that if the dimes rolled into the White House the crippled children would roll out of Warm Springs cured, and thus the Warm Springs Foundation, built around the former rabbit ranch of F. D. R., grew into a billion dollar campaign. Of course, the people, including the bootlicking politicians, who sent in dimes and dollar bills by the millions, kept no receipts, had no records, and God only knows where all the money went. Reports concerning this fund have never been satisfactory to the discriminating and the inquisitive. It has now settled down

*Anyone who would like to read up on Communism in Hollywood should get Mr. Fagan's book entitled "Red Treason in Hollywood." It may be had for \$1.00 per copy. Address orders to Christian Nationalist Crusade, Post Office Box D-4, St. Louis 1, Missouri. It is a large book and contains scores and hundreds of documents, and lists over 200 personalities within the pinko-Red-Communist orbit in Hollywood.

to a conventional project which might be able to pass muster, but the real scandal of the Warm Springs Foundation existed in the first five years of its life. Never has a poor child been able to go to Warm Springs and be treated. No child can go to Warm Springs without a nurse, plus the payment of \$8.00 per day. What child of a farm tenant or a garage mechanic can afford a private nurse and \$8.00 per day? Why shouldn't we question the handling of this money? Why should anyone trust a Roosevelt in the handling of money? There may be some microscopic exceptions, but by and large every time a Roosevelt has touched money, it has either been squandered or pocketed.

RASKOB BUYS A GOVERNOR

Here we find Franklin Roosevelt a failure as a lawyer, involved in two publicized rackets and a series of unprofitable ventures involving no substance whatsoever. He had no clients. He had no money of his own except that which he had bilked out of his mother's estate and out of the slick boys who had retained him as a stuffed-shirt to 'front' for their questionable practices.

One thing was sure, however, the name Roosevelt was popular in America *although* no one knew anything about the Hyde Park Roosevelts. They had been buried behind the insulation of their own royal snootiness. They lived in their baronial mansion without the outer world. There sat Franklin in a wheel chair, a failure as a lawyer and unknown to the American public.

Al Smith, the popular man of New York, was about to wind up his term as Governor. There was fear and apprehension among Democrats that the Republicans would win. Something drastic had to be done to lift some Republican votes out of the Republican Party and transfer them to the Democrats. The foundation was laid by sending Franklin to the State Senate. Living in a conservative district, he was elected because he was a Roosevelt on the popularity of Teddy. In fact, it was during his Senate term that he was stricken physically.

John Raskob was the attorney for the DuPonts. The

DuPonts owned the Empire State Building. After being defeated for the Presidency, Al Smith was to become the super-janitor of all time; namely, the manager of the Empire State Building. So we find the DuPonts and the Empire State Building and Al Smith casting about for a neat trick with which to enhance their influence over the state government of New York. Both Raskob and Smith were later to repent for outsmarting themselves and doing the nation its most evil deed. What was this evil deed?

Raskob thought up the idea of having Franklin Roosevelt run for Governor of New York to succeed Al Smith. Roosevelt was lazy, lethargic and somewhat of a defeatist caused by his physical handicap. He declined. Raskob then went to Mrs. Roosevelt and to his mother Sara, and they both agreed to help persuade him. At a certain point, the mother, the wife, Raskob and others all put together were unsuccessful until Raskob discovered the key that it took to unlock the door to Franklin's heart — namely, the love of money. Franklin was jealous of his classmates who had made good. He was jealous of his neighbors who were increasing their wealth by their own intelligence and initiative, and although he had been unable to create a fortune of his own by himself, he loved money. Raskob sensed this and thereupon he offered Franklin Roosevelt a bribe of \$250,000 cash to offer himself as a candidate for the Governor of the State of New York. It was understood that the cash was not to be used — not one penny of it for campaign funds. It was to be stashed away and kept with the personal fortune of Franklin Roosevelt.

The announcement was made. The candidacy was announced. All well-informed observers know that New York State has always been closely divided between Democrats and Republicans. In spite of the millions of voters in this state 30,000 to 100,000 votes have always been the balance of power between the two old parties.

Raskob had guessed right. He knew that just the name Roosevelt would swing enough Republicans to turn the trick, and Franklin and Eleanor Roosevelt became 'the Governor of New York State.'

THE POLITICIANS 'TASTED BLOOD'

The shrewd boys, the power-mad and the job-hungry Democrats saw a vision of their opportunity to capture the White House. I need not discuss the details here save to say that America in 1932 was in the throes of a crisis. The American people would have elected anybody that the Democratic Party nominated. Anything for a change, they said. The politicians pursued this psychological circumstance with a vengeance and made Franklin Roosevelt the President of the United States in 1932.

The following factors were the most influential in the victory of Roosevelt:

1. The stock market crash, which was a natural reaction from the first world war.
2. The smear of Hoover, which was a scientific job, paid for by Raskob and done by Michaelson.
3. The popularity of the Roosevelt name based on the record of Teddy.
4. The shrewd political manipulations of James A. Farley, one of the most cunning politicians America has ever known; who, incidentally, has repented over and over for what he did to America in helping to foist Roosevelt upon us. Farley's clash with the Roosevelts came because he refused to go along with their pro-Communist program and because of their conscienceless disregard for truth, campaign promises and sound government finance. James Farley, who grew up an humble man, was never received by the Roosevelt family socially. Although he did more than any other man to bring Roosevelt to power, the Roosevelt family never received the Farley family on an equal basis. Farley actually got to the place where he believed Roosevelt to be the biggest and most effective liar in human history.

ATTENTION, READER: This booklet is not intended to be a biography of Roosevelt; neither is it intended to be a history of the Roosevelt dynasty. Although that which has been written thus far has somewhat of a chronological order, the paragraphs from here on will merely be thumb-nail sketches of sensational skulduggery, chicanery, duplicity, hypocrisy, etc.

BLACKMAILING, BIG BUSINESS

No human being in the history of the United States, including Al Capone, Frank Costello (both super-gangsters), Pirate Lafitte or Lucky Luciano ever took the practical advantage of power that was taken by the Roosevelts when they entered the White House. Every child, with perhaps one exception (John), and every in-law, with perhaps the exception of John's wife, proceeded to clean up. Elliott was the crudest and the most awkward. He became the black sheep, not because of what he did that was wrong, but because of his artless inability to cover up his tracks. To date this ruthless and brazen son has been married three times, and promises to marry a night club habitue' in the very near future. He has never hesitated to take money as a loan, or as a gift in return for a promise to manipulate in Washington. His most notorious piece of thievery had to do with the financing of a radio network. He learned that Congress was about to pass a very strong piece of legislation dealing with chain stores. He pitched his tent toward the Atlantic & Pacific Tea Company, one of America's large grocery chains. He approached the President of the company, Mr. Hartford, for a loan of \$200,000 with which to finance his radio venture. Hartford hesitated on the grounds that the President might object. Elliott assured him that his father would not object, and immediately took down the telephone, connected Mr. Hartford with his father (the President), and F. D. R. assured the chain store magnate that it would be nice to 'loan' his son Elliott \$200,000.

It isn't necessary to discuss here the details of what fol-

lowed. Suffice it to say, Hartford only got \$4,000 back and Elliott kept not only the \$196,000, but the stock which it was supposed to have purchased. Incidentally, the stock has now gone up in value, about double, and Elliott has the \$196,000 which he rolled out of Mr. Hartford and approximately \$200,000 representing the increased value of the stock. This is not an isolated incident picked out of a clear sky. It is merely a symptom and a sample of the way these boys shook down, rolled and blackmailed men of great wealth. Any prominent man is entitled to a black-sheep son. No father should be held responsible for the conduct of his child unless he encourages and recommends his conduct. It is now known for a fact that F. D. R. used a high government official to effect a settlement with Hartford when the \$200,000 loan was settled for \$4,000.

In the meantime, Jimmie, the eldest son, currently in a campaign to capture California, was getting in his licks. Jimmie's escapades are developed elsewhere in this treatise.

RADIO AND JOURNALISTIC RACKETEERING

The aggressive Eleanor was not one to overlook a single bet. Her manipulation of the radio and the newspaper column proved to be the creation of a new art. It was not new for a woman to be money-hungry or publicity conscious. It was new for the wife of the President of the United States to use the influence of her high position for financial purposes. No one was interested in what Eleanor Roosevelt said because she was Eleanor Roosevelt. If that had been the case, she would have written something and she would have been on the air before she became mistress of the White House. The newspapers which published her columns knew that large numbers of people would read it merely because she was the wife of the President. Newspapers which carried her column assumed that the Internal Revenue Department might be a little more patient with them than if they did not carry her column. They knew that they might have less trouble getting newsprint quotas

during the time of newsprint scarcity. They knew and guessed many things, in fact, and usually they guessed right. Big newspapers are good guessers.

At one time David Hopkins, now holding some sort of a synthetic job in Hollywood, and the son of the late Harry Hopkins, was Public Relations Counsel for some South American coffee interests. Through the influence of Hopkins (his father) and Eleanor, the South American representatives received special loans for promoting the development of their coffee. Trained observers were not surprised, therefore, when it was announced shortly after the negotiation of the loan that Eleanor was to be paid \$5,000 per week for helping to build good will toward coffee in the United States — over the radio.

The love of Eleanor Roosevelt for money and power and publicity cannot be exaggerated. It has no limit. To illustrate:

Eleanor was booked for a speaking tour. One of the towns was Johnson City, Tennessee, a very prosperous little community in the mountains. A civic club had booked Eleanor to speak. The tickets had not sold. It was a financial catastrophe. Eleanor arrived in town but refused to speak until she had been given her check for \$500. The humble members of the committee were forced to go to the bank and borrow the \$500. The President's wife who traditionally belonged to all Americans, upon receiving her five hundred borrowed dollars made her rather dull speech. When she had gone the committee still owed the money and it was necessary to devise ways and means to pay off the debt. They raffled a Chevrolet car and sold chances for \$1.00 and sold enough chances to pay the debt and pay the dealer the wholesale price on the car. A mailman bought the lucky ticket and the last time I heard from Johnson City, the mailman was still driving the car which he had named 'Eleanor'.

This story has a smile in it, but it also has a tragedy because it is merely a sample and a symptom of the avaricious formula which dictated American policy during the reign of the Roosevelts. It is estimated that Eleanor Roosevelt,

while in the White House took in something around \$10 million in cash. Among good men, this is known as the crime of selling influence. Up to this time, whoever dreamed that the wife of a President of the United States would sell her influence for soap and mattresses and coffee? To make the circumstance all the more satirical and inconsistent, she gave her influence to 'Beauty Rest' mattresses and 'Sweetheart' soap.

It is contended that some of this money went to charity. But, even though this were granted, what about the portion that was retained? Does the retaining of any of it change the moral quality of the act? Is it more wrong to steal \$2 million than it is to steal \$1 million? Is that the code of American morality as exemplified by the Roosevelts?

THE CHRISTMAS TREE INCIDENT

It is to be presumed that anyone who owns a Christmas tree has a right to sell it. Many Christmas trees have been planted on the Hyde Park estate. Elliott Roosevelt has become the Christmas tree executor of the Hyde Park dynasty. Each year he cuts trees and brings them down and sells them at a cut-rate price. He advertises that other Christmas tree merchants are over-charging. He fails to tell the public that the Roosevelt trees are of a coarser, less desirable quality. Then the dupes flood in hoping that they can get two things for the price of one—a Christmas tree and a glance at the notorious Elliott.

There is nothing in this circumstance which compares to the routine crookedness of Elliott, but it does introduce into the New York community each year a dirty little trick for commercial purposes which is not at all inconsistent with the background of the Delano dope merchants, the alcoholic Roosevelts and these baronial aristocrats who have always loved their money more than their souls.

TAX-FREE MEMORIALS

Most public men leave it to posterity to build and devise memorials. Franklin D. Roosevelt ran no such risk. He

and his Yiddish advisers knew how to get the Hyde Park estate off the tax rolls. They made it a memorial. They gave it 'to the government' with the understanding that it could be occupied by the Roosevelts. They moved many files and many documents to Hyde Park which could not have been taken by the private citizen Roosevelt, but could be taken under the guise of depositing them on government property through the establishment of this memorial. The Hyde Park estate has been publicized and advertised. It is a stop on the sight-seers' route. Limousines and chartered buses from New York and elsewhere move in upon it in large numbers every year and every month of every year. Of course, the Roosevelts have not overlooked a bet because there is much to be sold and much to be gained in the form of pop stands, ice cream booths, souvenir concessions. Franklin is buried here on the family estate, now made tax exempt under the technical provision that it is a memorial to a man who proposed the memorial while he was alive and promoted its establishment while he was still in power, with government money over which he had almost dictatorial control. The whole thing moves into a realm of ethical conduct which is below the bottom of a decent American's conception of what is decent and honorable.

Note: Even Mount Vernon, the historic home of George Washington, is not Government property, but is owned and operated by a private organization which has to raise the money to maintain it.

THE LEND LEASE SCANDAL

Felix Frankfurter, the enigmatic Jew on the Supreme Court bench who came to America as an immigrant and has spent 50 years encouraging radicals, left-wingers and downright Communists, is given the credit for writing the original Lend-Lease Bill. I am still proud that I testified before the United States Senate (Foreign Affairs Committee) in opposition to the passage of this bill. I was not so much opposed to its attempt to aid potential allies as I

was opposed to its vicious transfer of dictatorial power over America's resources to the President of the United States. Does the reader of this treatise really know what a vicious bill this was? It actually gave to the President all power over all resources of the United States of America. It gave him the authority to give away anything America had to foreign nations without reporting to Congress until after it was done. What can Congress do to a President under such circumstances? Suppose a President squanders \$50 billion and Congress doesn't like it and they decide to impeach the President. We still don't get the \$50 billion back because no man can pay back through a fine or imprisonment or the disgrace of impeachment such squandering, such betrayal of economic stability.

Frankfurter and Morgenthau and their little Jewish clan of manipulators knew that operating through the vanity of Roosevelt and his desire to be President of the World they could use the Lend-Lease bill to ingratiate themselves in the financial and political centers of the world and thus virtually rule the world by the dissipation of American wealth.

Incidentally, under Lend-Lease, Roosevelt gave to Russia more submarines than we now possess. He gave to Russia more airplane bombers than we now possess. He gave Russia factories, refineries, etc. He ordered entire industrial establishments condemned and appraised and then turned these establishments over lock, stock and barrel to Russia. He did similar things for all nations everywhere that were supposed to be on our side potentially.

Roosevelt made Stalin. He fattened the savage Russian and now the mothers of America toss in their sleep or do not sleep at all in the dread that this Frankenstein which Roosevelt fattened will move in upon us any night to slaughter our sons, rape our daughters and enslave our Christians.

Beyond and beside the squander policy and the power-making policy of Lend-Lease, was the penurious Roosevelt racketeering technique.

Fifty million dollars of this Lend-Lease, which compared to billions, looked at that time like only a drop in the bucket, was set aside to satisfy the little (?) personal whims of the tyrant in the wheel chair. This 50 million a year could be spent without an accounting or without any special permission from Congress. This was Roosevelt's pin money with which he did little favors for politicians all over the world, who in turn of course, were very happy to contract with certain American companies for merchandise they were purchasing with Lend-Lease dollars. Out of this little three-cornered racket was built baronial fortunes by international characters (mostly Jews) who now live in castles on obscure islands and on the border of alien beaches where the responsibilities of American charity and where the unhappy thought of the Internal Revenue collector never disturbs them. We furnished the sons. We furnished the money. We pay the taxes. This clique of international Jewish villains make the fortunes and live in royal splendor like the feudal lords of Medieval Europe, while they laugh in Christ-less scorn at the dumb goyim (Gentiles) who believe what their brothelian slaves write in their Jew-owned newspapers, broadcast over their Jew-owned radio and portray in their Jew-owned films. These are the men who own the politicians of the world, who manipulate the United Nations and who, incidentally, propose to return the Roosevelts to the White House.

PHOENIX 'GOT TOOK'

Phoenix is a tranquil little city resting in the heart of the great American desert. Irrigation has turned its environs into a potential Garden of Eden. Flowers bloom, cotton bolls burst, grapefruit and oranges adorn the countryside and the dry, health-giving atmosphere accompanied by almost eternal sunshine makes this little metropolis a center for health, recreation and aggressive business development. This looked like a soft touch to Mrs. Anna Roosevelt Dall Boettiger, the only daughter of Franklin and Eleanor. With her then husband, Mr. Boettiger, she

journeyed to Phoenix. She got an option to purchase a little shopping newspaper being printed in a one story building on a back street. In fact, it was just one degree above a throw-away handbill in its editorial appearance. It was no newspaper. She organized a stock company; through her influence she got it approved by the Securities Exchange Commission. She took on partners. She did whatever was necessary. Detail is not required here. The result was that she rolled about three Phoenix suckers for something like \$500,000 and then proceeded to divorce her husband and leave Phoenix. This glimpse into the crooked business of the only daughter is not so important in this manuscript, but is thrown in merely to suggest that the Roosevelts are always consistent. They are consistently crooked. They are consistently dishonest and they are consistently exhibitionist.

SMUGGLING SPIES

If we had a government that would deal with the Roosevelts the way it deals with ordinary criminals, Eleanor Roosevelt would now be under sentence to a Federal prison along with Alger Hiss and his ilk. It is a matter of common knowledge among journalists and consistent Washington observers that Eleanor Roosevelt actually used her influence upon the State Department to smuggle in aliens known to be Communists and later known to be spies. Time and space will not permit a full development of this accusation. Suffice it to say, she became a great pal of the Eislers. She brought pressure to bear upon men of authority who had refused to admit the Eislers and then under pressure from Eleanor they yielded. The reader will recall that Hans Eisler, the Hollywood musician, wrote revolutionary songs, contributed money to revolutionary causes, and hated America. When he landed in Europe after being sent out of America, he boasted that it was good once again

to breathe the air of freedom. His brother, Gerhard Eisler, was identified by the Un-American Activities Committee as Stalin's No. 1 agent in the U. S. A. — merely pals of friendly Eleanor who manipulated 'that mean, old State Department' and made them admit these 'sweet' men to our U. S. A. What does the reader think would happen to any ordinary American who would carry on a smuggling campaign to get spies into the U. S. A.?

THE PEARL HARBOR HOAX

No incident in history has ever taken place that could surpass, and no incident will ever take place which can surpass the villainy, hypocrisy and duplicity embodied in the so-called Pearl Harbor incident. I know that the Japs were ambitious. Their military clique wanted power. They were playing politics for influence in the Orient, but they did not want war with the U. S. A. The attack at Pearl Harbor was not a sneak attack. Roosevelt, in order to please his Jewish masters and his friend Joe Stalin was determined to get us into World War II. All mature thinkers now know that the war was a fake which can be proved in about ten sentences as follows:

The propaganda against Hitler was based on his original desire for a corridor to the sea by way of Danzig which would have meant a strip of land off Poland. I am not saying he should have had it or should not have had it. I'm saying that that was the big issue. A cry went up from the propagandists that Hitler was taking a part of Poland so we went to war against Germany. We destroyed Germany and gave *all* of Poland to Russia. That rather demolishes the so-called principle involved, does it not?

The warmongers told us that Japan was too ambitious in the Orient and might some day take China, so we decided to destroy Japan, which we did, and turned all of China, which will eventually mean the Orient, over to Rus-

sia. The net result of the war then is: we fought Germany to make Stalin safe in Europe, and we fought Japan to make Stalin safe in China, and now the man we made strong with our blood and our money and our President is out to swallow the United States.

The Jews really were the only aggressive group on earth who wanted World War II. They, through their Communist and propaganda machine manipulated the pro-war propaganda. But, even so, America did not want war. A reliable poll of public opinion 30 days before the war started revealed that 87 per cent of the American people did not want war. So, Roosevelt and his manipulating friends had to do something else. They gave us Pearl Harbor. They goaded the Japs. They incited the Japs. They blockaded the Japs. They told the Japs that we were going to starve them to death and shut off all their shipping by a blockade. What did they expect the Japs to do? Sit and starve to death for lack of imports? The Japs did exactly what could be expected and what Roosevelt expected them to do and what the warmongers wanted them to do. They attacked Pearl Harbor. They killed 3,000 of our boys whom Roosevelt and his 'palace guard' considered expendable. Only uninformed and unrealistic people who have not benefited by available facts think that Pearl Harbor was a sneak attack. Roosevelt desired it. Roosevelt promoted it. Roosevelt expected it. Even Eleanor in an off-guarded moment, in one of her columns said, "We were all looking for it." The poker-faced General Marshall was unable to remember where he was that night. He could remember where he was the night before and the night after and any other night, but not that night. In order to prepare Pearl Harbor for his deadly, satanic deed, it was necessary for Roosevelt to go down sixteen degrees from the top of the naval command in order to find one who would take the fall. The investigation of the Pearl Harbor incident was whitewashed by a set of crooks, warmongers and political whores. It easily remains the scandal of all scandals in the history of men who are willing to trade the blood of the innocent for their own tangible ambitions.

SELLING SLAVES TO STALIN

Elliott Roosevelt in his book admitted that all the important personalities at the Yalta Conference were drunk. Quite a scene was that! Stalin, Churchill, Roosevelt. Of course, we know Churchill to be an alcoholic. Wherever he goes it is necessary for him to have one quart of brandy per day in order to satisfy the nerve tissues in his seared stomach. The press reported that more than forty toasts were given in vodka which is supposed to be a more potent and deadly drink than American moonshine. Alger Hiss was at Roosevelt's elbow. He was *the* expert advising the President. For Hiss to be there was the same as Frankfurter being there, because Frankfurter has been Hiss' mentor. It was Frankfurter who testified as a character witness for Hiss in his first New York trial. Later, the reader recalls, in another trial Hiss was exposed and convicted. He was revealed as an absolute traitor, having stolen government documents and turned them over to Stalin's agent. A fine expert he made! A great man to stand at the elbow of America's vodka-drinking President to say 'here's the place to sign, Mr. President'.

The three important conferences of such a nature attended by our President in Europe will go down in history, if historians ever become objective, as the most heartless decisions debauched humanity has ever known. Here it was that our President agreed to the introduction of history's most savage program of human slavery.

By his signature, Mr. Roosevelt actually released something like 5 million German and Italian boys to be deposited in the slave labor battalions of savage Russia while their wives remained behind to be assaulted and raped and manhandled by the Oriental beasts that moved in upon Christian Europe from behind the Ural Mountains. Only a drunken Churchill, a blood-thirsty Stalin and a Jew-dominated Roosevelt could have concocted the savage schemes that were instituted in these foreign palaces occupied lavishly by these power-mad political maniacs.

THE FRANKFURTER BUSINESS

When I spoke at Harvard University some years ago, I was entertained by a strong Club of right-wing students opposed to Communism and all its trappings. I spoke in what is called the New Lecture Hall. In the middle of my address, a gang of students marched down the aisles, stomping, booing, hissing and spitting. They were thrown out. After the meeting I had a sandwich with the committee and I said to the boys "Who were those people?" I had observed that they were all Jews. The chairman of the committee said "They are members of the John Reed Club." The reader will recall that John Reed was the founder of the American Communist Party. I said to the committee: "Do you mean to tell me that Harvard University permits such an organization to have official representation on the campus?" "Yes," my informant replied. "We have tried to have it removed from the official status it holds, but the Dean of the Law Department always takes the side of the John Reed (Communist) Club." "Who is the Dean?" said I. "Felix Frankfurter" was the answer.

Shortly thereafter, Franklin Roosevelt appointed Felix Frankfurter to the Supreme Court of the United States. James Farley revealed that Frankfurter himself scarcely allowed a day to pass that he did not high-pressure the President to make him a member of the Supreme Court. Ordinarily this is never done. Men chosen for this high office wait for the job to pursue them; they never pursue the job. Not so with the little Jew Felix. He campaigned for it. He fought for it. He asked for it. He nagged everybody in authority until he got it. Frankfurter became Roosevelt's chief brain truster. He filled Washington with his proteges, his former students, his ideological and intellectual puppets. If the treason story of this generation is ever written fully, Felix Frankfurter will be right in the center of it.

THE SAVAGE MORGENTHAU PLAN

In a figurative sense, Henry Morgenthau 'killed' Cordell Hull. Cordell Hull, still alive when this was written, is now an unknown figure. We never hear of him. He is never quoted. Why?

In 1940 a poll of public opinion among Democrats revealed that Cordell Hull was the most popular Democrat in America. This, of course, inspired Mr. Roosevelt's jealousy. But that's not the reason that Morgenthau 'killed' Hull. Hull was opposed to the sneak campaign of Henry Morgenthau and his Zionist Jew advisers to murder, liquidate and enslave the entire German race. Suddenly we began to hear that Cordell Hull was a sick man; that he wasn't competent enough to run the State Department. Roosevelt ignored him. He used Sumner Welles (a notorious homosexual and pervert) as the acting Secretary of State who, in fact, carried out Roosevelt's wishes and did what Roosevelt and the Jews wanted. He had to. He didn't dare be exposed. He was blackmailed by the Jews, the 'palace guard' and the power-mad maniacs that were running Washington at that time.

Theoretically, Henry Morgenthau had nothing to do with the State Department, but the average Jew meddles in everything he touches whether it is his or not. Morgenthau had a job to do. He represented an element and a clique. He met Roosevelt and Churchill at Quebec without Mr. Hull's knowledge and there he presented the Morgenthau Plan for liquidating the German race. The most revengeful, heartless, savage, Christ-less, bloody, conscienceless, criminal, barbaric program for the destruction of human beings ever designed by any man in any century not excluding the Neroes, the Caesars, the Alexanders and the Genghis Khans. The substance of the Morgenthau Plan decreed that Germany should be destroyed as a self-sustaining nation. All factories should be burned or given away to Russia and other nations. This proud, aggressive and progressive people was to be divided up. Two million were

to be shot. Many of the most influential were to be sent into slavery in Russia and the remainder were to be made peasants under the lash of a political regime to be managed by American, English and French Jews and Russian commissars.

It is unbelievable that any man who has been exposed to American Christian civilization could ever think of such a thing. But, people who have scientifically resisted the ethics of Christ for 2,000 years are less influenced by environment than the pagan who has never known Christ, either to be for Him or against Him. The Zionist Jew is a calloused creature who has made himself scientifically immune to Christianity.

Fortunately, the death of Roosevelt brought, in large measure, the repeal of the Morgenthau Plan and in spite of Jew pressure, President Truman refused to carry it out. Of course, public sentiment developed against it and no typical American soldier or military officer would have the heart to carry out the intent of such a barbarian procedure.

Note: It must not be forgotten that the same Morgenthau who devised this savage plan is now in charge of all the money-raising campaigns for the Zionist enterprises and manipulates these millions which are now being used to bribe public officials, promote propaganda and clear the track for the ruthless enterprises of the Jews in Palestine who have already driven one million helpless Arabs into the desert, out of their own homes, out of their own business, and these wretched people are now starving and enduring a living death.

THE TREASON IN BERLIN

Franklin D. Roosevelt gave Berlin to Stalin without the consent or knowledge of the American people. The

British and American troops under the leadership of Montgomery and Patton were ready to take Berlin. Our troops were ready to march in and capture this, the most important city in Europe from the standpoint of military strategy. Roosevelt, believe it or not, ordered the British and American troops to withdraw so that Berlin could be taken by the Russians. Roosevelt claimed that he did it to make Stalin feel good. Undoubtedly it did make Stalin feel good. It made our generals very bitter, especially General Patton. Patton said that he had a little black book and that he proposed to keep that little black book and when he got back to the United States, said he, "I will raise hell and blow the lid off everything." Patton never returned. He was 'accidentally' run over by a truck. It might refresh the memories of some of the readers of this treatise to recall that it was Drew Pearson, the character-assassin and hatchet-man for the Anti-Defamation League (Jewish gestapo) who smeared Patton right while he was on the battlefield and accused him of slapping a Jewish boy for pretending to be sick and failing to go to the front. The truth concerning the matter has never come out except that it is generally known that Patton was a real soldier and expected all men in his troops to do their share. He did not hesitate to deal strongly with men who faked sickness in order to escape danger. The Jews never forgave Patton and he was smeared directly and indirectly by their journals and their agents and their stooges until the very hour of his death.

It was treason for Roosevelt to give Berlin to Stalin. This circumstance has caused the Western world more trouble than any other single situation. Stalin is there with his troops. Berlin has been cut up like a pie. The people under the heel of Stalin live like slaves and Russia now has a military base in the very heart of the European continent. From East Berlin she could atom-bomb every major city in Europe. Roosevelt was so anxious to please Stalin that he even turned all of Eastern Germany over to him. Of course, it was part of the Jew revenge program, knowing that Stalin would enslave and abuse

the Christian Germans in harmony with the savage Morgenthau Plan.

No intelligent person should ever attach any constructive greatness to Roosevelt in the light of the Berlin incident.

HISS AND THE WHITE HOUSE

Alger Hiss, the protege of Felix Frankfurter and the chief adviser on foreign affairs to Franklin D. Roosevelt, now stands exposed as America's No. 1 Traitor. He is a traitor but he is not No. 1. The No. 1 traitors were the 'palace guard' of Franklin Roosevelt and it would take considerable argument to convince the writer that the No. 1 traitor was not 'old moose jaw' himself. Here is the outline of treason in the 'palace guard' which requires little or no development.

1. Vice-President Wallace played the pro-Russian game with the full cooperation of the President.

2. It was from the White House that Sumner Welles, the notorious homosexual, got his authority to run the State Department, over the head and without the knowledge of Cordell Hull. Little wonder that the State Department itself recently admitted that it had fired 91 homosexuals. How many did it fail to fire?

3. From the White House, Henry Morgenthau, the Secretary of the Treasury, spawned his slaughter plan for liquidating the entire German race.

4. It was in the White House that Eleanor Roosevelt entertained hundreds of Pinks, Reds and downright Communists.

5. It was in the White House that the President met

Earl Browder, head of the Communist Party, after arranging to pardon him from the Atlanta penitentiary in order to sew up the balance of power in the New York State election.

6. It was in the White House that Harry Hopkins lived while he was ordering military officials to transfer atom bomb materials to the Russians.

These are only samples, however. Hiss was not the only one. He merely symbolized the whole game of treason. The Justice Department of the United States was forced to do something because Hiss' case was so flagrant. We could hardly expect the Democratic Administration to imprison the pillars of the Roosevelt regime, which is what really should be done. Frankfurter, Eleanor Roosevelt, Henry Morgenthau, Henry Wallace and many others of their ilk should have been tried and convicted for a wide variety of criminal practices against the safety and security of the U. S. A.

The reader must never forget that Alger Hiss was in full charge of the Dumbarton Oaks Conference and had charge of all details at the United Nations Conference in San Francisco.

THE PLOT TO DESTROY MARTIN DIES

I was one of five men who met confidentially and took steps to initiate and request the formation of a special committee of Congressmen to investigate un-American Activities. Congressman Martin Dies of Texas, whom I had known for many years, took the lead and the result was the formation of the famous Dies Committee. From the very start, the Roosevelts were determined to destroy this

committee. Although Mr. Dies was a Democrat, Mr. Roosevelt took from him all his patronage and never missed an opportunity to utter public statements reflecting on the integrity and the intelligence of Mr. Dies. Eleanor Roosevelt stooped so low as to visit the Dies Committee hearings on one occasion, surrounded by Communists. She and the Communists sat in the hearing room, heckled, ridiculed and issued vindictive statements to the press concerning the integrity and the purpose of the Dies Committee. This, right at the time when the committee was exposing men and women now accepted to be cold-blooded Communists and traitors. These traitors were all sheltered and flattered and praised by Eleanor. At this very time she was even addressing their conventions. She never addressed an actual Communist Party Convention, but she addressed the Convention of the American Youth Congress, which was the Reddest front that the Communist Party had for working among young people in America. Mr. and Mrs. Roosevelt never gave up trying to destroy Martin Dies. The publicity that was put out against him resulted in all sorts of threats against his life, anonymous letters and calls threatening to kidnap his children. At last in order to defeat Dies, Roosevelt established a military construction base in his district and moved in thousands and thousands of CIO voters, enough to overwhelm Dies in his right-wing campaign. It is conservative to believe, that Roosevelt spent \$100 million of government money in order to defeat Martin Dies.

RED ROGGE AND ROOSEVELT

At the outset of the war, Roosevelt took steps to imprison all of his effective opponents. Anyone who had been an outstanding critic of the New Deal, or who was opposed to the Jew conspiracy to get us into an unnecessary war,

or who had even been adjudged as anti-Semitic was to be indicted, convicted and imprisoned. The campaign was a ruthless one.

Drew Pearson, the hatchet-man and character-assassin for the warmongers reported on page one of the *Detroit Free Press* when the writer lived in Detroit, that at the top of the list of men that Roosevelt intended to imprison was Gerald L. K. Smith. He failed, of course, but the tricks he employed in order to carry out his desires would make a book which some day I may write. He had enough power and enough evil intent to do it. But I say without embarrassment or blush that God just wouldn't let him do it. There is no other way I have of explaining how I escaped either being shot or imprisoned, or both, by this evil man whom I never ceased to expose and who hated and feared me so that in his last big speech on earth before 250,000 people in Chicago he took out enough time to attack Gerald L. K. Smith.

Roosevelt feared me so that he gave every daily newspaper to understand that their newsprint allowances might be cut off if they quoted me accurately. He gave every radio network to understand that they would lose their license if they permitted me to broadcast. With ankle-irons on my legs, figuratively speaking, and with handcuffs around my wrists, figuratively speaking, and with all the avenues of communication closed to me, Roosevelt still feared me. I was not the only man who had his number, but I was one of the few men who was never afraid to expose his villainy and skulduggery even in time of war.

When the war came on I said to my people, that even though it was unnecessary and I was against it, there was only one way to end it and that was to win it. My only son came back with all the citations that a hero could have save perhaps the Congressional medal.

The Attorney General for Mr. Roosevelt's purge cam-

paign was the anemic puppet and petered-out aristocrat, Francis Biddle. He chose as the special United States attorney for the purge campaign a lawyer who called himself O. John Rogge. This Rogge rogue had done a smart job in hiding his true colors. He appeared as a young, sincere, fanatical attorney. His background was apparently conservative. He had no sense of humor. He never smiled. He was determined to liquidate these terrible people who were 'hindering' the war effort, such as anti-New Dealers, anti-Communists and anti-Semites.

Prior to his appointment, a very crude person carried out the will of the President in calling a grand jury and indicting between 30 and 40 of the more conspicuous anti-Semites and anti-New Dealers. This list, however, did not include any real prominent people such as Henry Ford, Colonel McCormick or Col. Charles Lindbergh. Neither did it include Rev. Charles Coughlin or Gerald L. K. Smith. It was the intention of Roosevelt to imprison these people as a pattern for dealing with all other opposition. It served quite a purpose in that it not only crucified these 30 some odd people, but it frightened many of the less courageous leaders on our side of the fight.

Rogge's conduct as the special prosecutor was comparable only to the conduct of Vishinsky, who conducted the notorious purge trials of Russia. It was rumored that Judge Eicher had been promised a seat on the Supreme Court by Roosevelt if he would carry through and send these people to jail. The Anti-Defamation League (Jewish gestapo) spent thousands and thousands of dollars bringing about the prosecution and they furnished most of the research for Rogge.

The trial went on 7 months. Most of the people depended on charity lawyers. God intervened. The crooked judge dropped dead. The trial blew up, and the fiasco was so scandalous that even the Jew-owned Washington Post backtracked and called for the dismissal of the whole

thing. It will be recalled by those who followed the case carefully that the Washington Post even hired stooges to help frame up some of those that were indicted and some others whom they hoped to have indicted. The whole thing was a boomerang. But, even so, it caused about 35 people a great inconvenience. It cost one sweet old man his life, and the Government of the United States should pay out of its treasury to these prosecuted ones enough to help heal some of the terrible scars that were inflicted upon these innocent people.

Although Rogge conducted himself like Vishinsky and although his vindictive Jew-manufactured attitude was repulsive, no one was able to pin the Red badge on him up to the close of the trial. But, since that time, illuminating things have happened. Reds have been indicted. Fellow travelers have been exposed. Communist agents have been brought to light and in scores of instances the defense attorney has been O. John Rogge, pal of the Anti-Defamation League, headsman for Franklin Roosevelt and contender for the questionable honor of becoming America's first Vishinsky.

To cap the climax, shortly before this was written, Rogge, with Henry Wallace attended the Progressive Convention in Chicago and helped write the platform for this Red-dominated political machine. This Rogge, this villain, this stooge for Stalin, is the man that Franklin Roosevelt picked as the prosecutor and persecutor to liquidate by imprisonment or death all who dared lift their voices against the tyranny of the Roosevelt dynasty.

THE RELEASE OF EARL BROWDER

For years, Earl Browder was head of the Communist Party in America. During this entire time he was a personal friend of Franklin D. Roosevelt. Many years ago Earl Browder was sent by the Kremlin to China to train and develop the leadership which has recently turned

China over to Russia. Browder's plough has left a deep furrow. He originated the popular front and the fellow traveler idea for America. He boasted that there were over 10,000 Communists in the pulpits of America. He executed Stalin's program to plant Communists in our schools and colleges and churches and political organizations. For years he held the balance of power in the New York State elections, when it was generally believed that no man could be elected President without carrying New York State, and whoever got the Communist vote got New York. Therefore, Roosevelt went out after the Communist vote. Browder sent word to Roosevelt that he could not have the Communist vote in New York unless he, Browder, was released from the Atlanta penitentiary. Roosevelt let him out and invited him to visit him in the White House. The deal was closed and Roosevelt carried New York. This is a big story and a lengthy story, but space and time won't permit that it be told here but even this much doesn't look good for Mr. Roosevelt, does it?

The son of such a man, in fact two sons of such a man, are now competing with each other to reestablish Roosevelt power in the White House. It would be the tragedy of tragedies.

THE CORRUPTION OF CONGRESS

Roosevelt was the first President of the United States to completely corrupt Congress with money taken out of the treasury and away from the taxpayers. I would not be simple-minded enough to suggest that he was the first politician ever to corrupt a Congressman. We have isolated cases of corrupting Members of Congress from the very beginning of the life of this nation, but Roosevelt was the first one to put a steam shovel into the treasury of the United States and overwhelm the elected representatives of the people with grants and expenditures which

scores of these little men in Congress could not resist. In fact, many of the big ones could not resist it—only a minority of men of great character and stability. Roosevelt enjoyed buying the soul of a Republican as much as a Democrat. He was not partial. He used the emergency of the depression in his manipulations, and with this terrific weapon he made the feeding of the hungry a political and partisan enterprise until a situation developed which regimented the hungry and the forlorn for the ballot box. Unemployed were given to understand that if they didn't vote right they would be removed from the relief rolls. One-third of the farm land was made idle which also made one-third of the farm hands idle. These farm hands who were hungry in the presence of bonfires of wheat and drowning of pigs and murdered cattle were given to understand by a shrewd manipulation that they couldn't eat any of this meat or make bread out of any of this wheat unless they voted right. The empty stomachs of the American people were ground through the voting machine of Franklin Roosevelt like running cattle through a dipping vat. Those on relief were the balance of power. In most instances no Congressman could be elected without the vote of the relievers. This put the blacksnake whip in the hands of Franklin Roosevelt, and with it he drove the Congress like a 20-mule team. They passed his rubber-stamp legislation in puppetry, surpassed only by the so-called Kremlin congress in its rubber-stamp attitude. While this Congress was rubber-stamped, Roosevelt took advantage of the opportunity, egged on by his ruthless advisors and with appropriations and no regard for waste, he captured the treasury. He was the first President of the United States to capture the treasury and exploit it for his own personal and political ambitions and those of his 'palace guard.' How could his opponents win when he was able to give support to his candidates with millions and millions of dollars for just single Congressional districts? It is estimated that in 1938 when Senator Barkley of Kentucky was almost sure of defeat that Roosevelt caused to be appropriated at least \$300 million in order to save his stooge on the floor of the Senate.

THE KIMMEL-SHORT TRAGEDY

Admiral Kimmel and General Short were the two men in charge of the Navy and Army at Pearl Harbor when the big blowup came. Kimmel had obeyed Roosevelt blindly in bringing our Navy into the harbor where it was exposed like a barrel full of sitting ducks. It was a 'lead pipe cinch' for the agitated and goaded Japs. The result was exactly what Roosevelt wanted. It gave the impression of the sneak attack. It produced the hysteria necessary for war and it made Kimmel and Short 'the goats.' The investigation was a fake. The report was a lie, and Kimmel and Short 'took the fall.' God only knows what they knew. One of the super-scandals of all time has yet to be written—the true story of Kimmel and Short. They undoubtedly obeyed Roosevelt because they thought that something great for themselves would come out of it. But, instead of rewarding them for their puppetry, he allowed them to be 'the goats' and offered them as a burnt offering to the resentment of the American people.

Short died in disgrace and obscurity and at this writing, I do not know where Admiral Kimmel is. One thing sure, Roosevelt didn't dare allow these two men to be convicted for any crime. There was too much that they could tell.

THE HENRY WALLACE SCANDAL

Franklin Roosevelt was the man who made Henry Wallace. Perhaps Henry Wallace has been the most frustrated, unstable individual ever to become prominent in public life in the U. S. A. He was born a Republican, became a Bull-Mooser, joined the Democrats, espoused the New Deal, became a disciple of Karl Marx, fraternized with Communists and wound up the favored Presidential candidate in 1948 of Josef Stalin and his Communist stooges in the U. S. A. Through it all, he was the pal and political playmate of the Roosevelts.

On the religious and sociological side Wallace started out a Methodist, toyed with Presbyterianism, studied and tried to become a Catholic. Gave this up. Played around with the Episcopalians. Toyed with the Yogi cult. Encouraged the nudists, and wound up in a cult temple in New York City worshipping the Guru god-man, etc., etc. This was the man that the Communists and the Jews had groomed for the Presidency of the United States. He was so weak and manipulatable that they expected to make of him a ruling puppet after they had softened the country up for Communism by the proper exploitation of Roosevelt's extravagance and vanity.

Wallace became very unpopular in the Democratic Party. In 1940 Roosevelt wanted him again nevertheless for a running mate. When the Convention came up in Chicago, the Democrats rebelled. They booed the mention of his name. Immediately F. D. R. put Eleanor on a plane. She flew to Chicago. She conferred with Harry Hopkins, who was sequestered in the Blackstone Hotel, and then she went to the convention hall. There she gave the delegates to understand that Henry Wallace had to be named as the Vice Presidential candidate. Most of the delegates were jobholders on the payroll of the Roosevelt regime. They fell in line, and while the echo of their boos was still ringing in the convention hall, under the lash of 'Queen Eleanor' they 'capitulated' and gave Henry Wallace to their masters on a platter.

It was during this campaign that much came out on Henry Wallace, but it was not used by the Republican campaigners. It was known that Wallace had indulged in all sorts of ridiculous relationships to this Oriental cult, of which he was a member. He had put cultists on the payroll of the Agricultural Department. He had sent them to the Orient in search of a new Messiah. They went in search, at Government expense, of a certain panther, whose glands, when condensed into an extract and injected into the veins of man, would prolong his masculinity 150 years. The whole thing was a ridiculous, laughable thing.

According to *Newsweek* Magazine, when the report of some of these things came to Harry Hopkins, he yelled: "Why didn't I know this before, especially when I have a man on every newspaper in the U. S. A.?" He immediately ordered his henchmen, who could have been killers, to contact the man who had written the story for publication (which had not yet been published) to stop it regardless of what it took, and then said: "Leave the Republicans to me." He blackmailed the proper Republicans and Willkie never used the Wallace story in his campaign. This is a great big long untold story, incidentally.

THE GLORIFICATION OF SEX PERVERSION

For years it was an open secret in Washington that sex perversion was rampant in the State Department as well as other Government departments. Men responsible for America's destiny and relationship with foreign nations were known to be perverts of the worst sort. They were among those drawing the highest salaries and holding the most important positions, including Sumner Welles, who virtually ran the State Department for Roosevelt. Perversion of this sort, which involved the living of 'men with men' and the living of 'women with women' was symptomatic of the terrible decay and degeneration in the City of Washington. It competed with the record of Sodom and Gomorrah. Military officers revealed that if Washington had been anything but the Nation's Capital it would have been declared out-of-bounds and forbidden territory for any man in uniform. Surveys revealed that the average amount of liquor consumed in Washington, made up mostly of political jobholders, was double the amount consumed by the average American.

Shortly before this manuscript was sent to the printer,

the perversion of the State Department ceased to be the whisper of a gossip. It was being discussed openly on the floor of Congress, and the Department had admitted that already 91 had been dismissed for their sex orgies. This is the skunk cabbage that grew in Roosevelt's political garden. The men who brought these things about were men who enjoyed the favor of both Franklin and Eleanor. In fact, the escapades of Eleanor and the conduct of many of her youthful boy friends in New York have never been fully discussed anywhere in print. I would not mention it here if these very people were not the ones attempting to capture our White House in 1952. What a filthy lot of traitors, Communists, wasters, perverts! Shall these people rule America? God forbid!

THE BETRAYAL OF CHINA

Some place, somewhere, somehow, someone or several ones have been made immensely rich beyond the imagination of man because of what they did for Stalin in China. China is a big country. China is the Orient. The little islands and the little nations and even India go down the same drain pipe with China whenever China goes down the drain pipe. There is more actual natural wealth in China than there is in the United States.

Someone delivered China on a platter to Stalin. It was a clever process. The plot required the State Department of the Government of the United States. It was deep, subtle, powerful and machiavelian. The villainy of the China plot has been unexcelled in human history. It required the same satanic mentalities to effect the betrayal of China that it required to bring about the crucifixion of Jesus Christ.

It was done by Franklin Roosevelt and his 'palace guard' and the perverts whom he elevated to power in the State Department. Mr. Truman cannot be blamed. He was just

the little man who found it. What could he do about it? If Mr. Truman told all he knew it would blow the Democratic Party into 'kingdom come,' and who can expect Mr. Truman to blow up his own party? It is amazing that he has done as well as he has with the inheritance which he received. If he were really to act with precision and complete abandon he would likely be assassinated within 48 hours. Many of the villains he found have been removed. In fact, he has perhaps done a better clean-up job than Dewey would have done, because basically Dewey was Lehman's man and Roosevelt's man. He was the artful 'me tooter' that sold the Republican Party down the river for Roosevelt.

After all, Vandenberg, the so-called big Republican, was in on this China business. He made the scheme look like a bi-partisan scheme. He helped silence debate. He helped the traitors cover up their tracks. Here is the way it was done: (1) We destroyed Japan, the only hindrance Stalin had in the Orient; (2) We built up Chiang Kai-shek to the point where his economy and the economy of the Nationalists could not exist without our help; (3) We then deserted Chiang Kai-shek, pulled the rug out from under him. He and his regime went down the drain pipe. With only dishonest reports concerning the facts coming out of the State Department, we withdrew officially and let Stalin have it all.

General Patrick Hurley, who was the Secretary of War under Hoover, was sent over to study the Chinese situation by this administration. He came back and resigned. He told me personally that there was no use trying to do anything in China because our State Department was so full of Reds that any confidential messages sent by our representatives out of China reached Moscow before they reached Washington. In his interview with me, General Hurley said it was his opinion that we had 1,000 people in the State Department who were either members of the Communist Party or doing a job for Russia.

Jewism against the China sell-out. Some place, somewhere, behind the curtain of unrevealed facts some Sanhedrinite has made himself a billion dollars for promoting this betrayal of China.

Even so, it wouldn't be so bad if China were the only one betrayed, but it was the betrayal of America. Stalin now has a billion people (1,000,000,000) whom he can equip and regiment and send against us. What does he care if he loses ten to our one? He can still send them in waves until they have overrun us like hornets.

I have never been much of a believer in capital punishment. I am not ready yet to advocate it, but if there ever was an excuse for capital punishment, what about the people who have sold us into this treason trap?

THE CRUCIFIXION OF POLAND

The Polish people in America, with few exceptions, were completely taken in by F. D. R. Through their leadership, to whom he made false promises, the Polish communities were deceived. Roosevelt promised the American Poles that he would destroy Germany and save Poland. He destroyed Germany and gave Poland to the Russians, and today the Polish Christians are in bondage, slavery and want.

The Polish government is a puppet government and is as completely Communist as Russia itself. Whenever Russia wants to do something real villainous and real dirty, she calls on her Polish puppets to do it. The Polish delegate to the U. N. votes with Stalin on every question.

Roosevelt used his false promises to the Polish people to line up the Polish vote at every election. Today these people

are disillusioned, disheartened and consider themselves the victims of great deceit. They know that their loved ones were sold down the river by a man who was more interested in pleasing Stalin than in pleasing them. It is one of the tragedies of all time.

THE THIRD AND FOURTH-TERM TRICK

Roosevelt's third and fourth terms were spawned by hypocrisy, duplicity and dishonesty. It took a pack of lies to get Roosevelt into the White House four times. When running for the third term Roosevelt said in his Philadelphia campaign speech: "I say to you fathers and mothers again and again, your sons shall never be sent to die on foreign soil — unless we are attacked." The qualifying phrase at the end of that sentence disturbed the mothers of America, and in his Boston speech a little later he left it off, and said: "I say to you fathers and mothers again and again, your sons shall never be sent to die on foreign soil." The fact is, in this campaign Roosevelt assured the mothers of America, and all American citizens for that matter, that there would be no war, and no American boy would be asked to die on foreign soil. He knew this was a lie. He had already promised France and England that we were coming into it. He did it for just one purpose, to get the anti-war vote, which proves, of course, that he had no conscience, no character, and no self-respect when it came to his spoken word. Adding lies to lies, he assured the public that his campaign for a third term would be the last. He, of course, didn't mean it and came up four years later asking the people to return him to the White House. He announced that he wasn't going to attend the Democratic Convention in 1944. He denied that he would be in Chicago, but he slipped into the city secretly under the cover of military protection, living in his private car on a rail-

road siding, and manipulated his own nomination for a fourth term, while all his official agents actually lied for him and said that he was still in Washington, D. C. It was one of the most brazen programs of political deception ever undertaken in the Nation or any other nation for that matter. He wanted Henry Wallace for Vice President again. The more conservative wing wanted Jimmie Byrnes, and the Convention compromised on the little man from Missouri, Harry Truman. That is just how close we came to getting Henry Wallace for President of the United States.

TREASON WITH MONEY

Few Americans know and few have the capacity to believe it if they were told the facts concerning what Morgenthau and Roosevelt did with the American money-printing machinery. Morgenthau, with the consent of Roosevelt actually gave original engraved plates belonging to our Mint to Russia. She used these money-printing plates for producing actual American money in Russia. It was produced by the billions and when it moved into Europe, the Jew money-changers were there to do their trick. Cheap jewelry was sold to the Russians at fabulous prices. It was easy for the Russians to pay because they had unlimited sums of printing-press money. They paid as high as \$15,000 for an ordinary \$25.00 American watch. This money was quickly manipulated and exchanged for permanent currency, and Jew refugees have been coming into this country since that time with suitcases and trunks loaded with \$10's, \$20's and \$500's. The mysterious presence in America of large amounts of legal tender accounts for the great real estate syndicates being developed all over the Nation. With this money these Jews are buying up houses, land, apartment buildings and office buildings. Price seems to be no object, and they are paying what is asked. Why should they worry? They are able to pay what is asked,

and they are happy to exchange it for good, sound American property. The reader is not asked to believe this story at first reading, but the fact is that it is supported by the proper evidence and the proper documents. A few, and a very few important daily newspapers, ran the story about two years after I published it first.

BIG MONEY BEHIND THE ROOSEVELTS

There is no limit to the amount of money available to put another Roosevelt in the White House. One sure thing, they will spend none of their own money. The Roosevelt estate is never touched. No sacrifices are ever made by the Roosevelts. F. D. R. and Eleanor and F. D. R.'s mother never gave any money out of their fabulous estate to finance the Democratic Party or any other political committee. In fact, a careful perusal of their mode of handling money reveals that they are a bunch of tight-fisted skinflints when it comes to handling their *own* money. They are only generous with other people's money and with the taxpayers' money.

Everyone who is behind the Roosevelts' campaign for power has an axe to grind. No generosity is involved. The money will be made and is being made available by selfish men — power-mad personalities. There are hundreds of these men who were either in the 'palace guard' of the late F. D. R. or who have become the enigmatic manipulators of national and international affairs. I name just a few because they are symbolic of this satanic clan of ruthless men bent on ruling the world.

1. *Morgenthau*. Morgenthau is now the head of the

finance committee of the whole international Jew set-up. He is one of the three or four most powerful Zionists on earth. Author of the savage Morgenthau plan, which was a plot to wipe out by slaughter, imprisonment and enslavement 100 million Nordics, including the German race. He, of course, was the one who loaned our money-printing plates to Stalin.

2. *Joe Davies.* This Jew wrote the book "Mission to Moscow," which was a lying volume of propaganda designed to deceive the American people completely concerning the true facts about barbaric Russia. By marriage he has his hands on the great Post fortune (Post Toasties, etc), having married the widow of the late Mr. Post. He lives in the splendor of a baron. When he was first appointed by Roosevelt as Ambassador to Russia he took with him a shipload of thousands of luxury items including some 3,000 quarts of rich frozen American cream. This was merely typical of the luxurious existence he set up for himself and his henchmen in Moscow. He became a very warm friend of Josef Stalin, and since that time has been literally treasonable in his propaganda activities. Out of his book the Jew movie film (Warner Bros.) turned its lying propaganda into a film. The film was a ridiculous misrepresentation, produced in the 'hangover' atmosphere of war propaganda and if shown today, any ordinary American audience would laugh at it.

3. *David Dubinsky.* David Dubinsky is one of the shrewdest Jew manipulators on earth. Recently he said that he proposed to spend a million dollars, if necessary, to make Jimmie Roosevelt the Governor of California. Dubinsky is sometimes referred to as a 'labor baron.' Under his control are approximately 500,000 workers (mostly Jews) who manufacture the garments for ladies in America. It is common knowledge that the Dubinsky union makes at least 90% of all the clothing worn by American women. The union is super-rich, air-tight and tyrannically operated. Dubinsky can make any kind of an assessment he

wants to make and it will be taken out of the workers' wages. An assessment of \$10.00 means \$5 million brought in. The income from his union activities to the treasury of the union runs from \$5 million to \$20 million per year. Anything Dubinsky says, goes. He is the boss, the dictator, the head man. He also runs the so-called Liberal Party, a Socialist outfit, mad at the Communists. The reader must never be deceived by feuds among Socialists. The Communists are Marxists, and all Socialists are Marxists. Their patron saint is the Jew Karl Marx. Dubinsky will be one of the visible and active figures in the campaign to put another Roosevelt in the White House, and he can supply almost unlimited sums of money.

These Jews are only types, and along with them we have the Filene family, the Backers, the Frankfurters, the Lilienthals, the Kuhn-Loebs, the Baruchs, the Rothschilds, and a thousand more.

4. *The Rothschilds who pay no taxes.* Roosevelt and his political henchmen were very careful to protect Jew refugees from paying taxes. A recent investigation on Long Island revealed the scions of the Rothschilds living in magnificent luxury—in a mansion which had to be given up by an American businessman because of tax problems. They found Mr. Rothschild with scores of servants, 15 or 20 new luxurious automobiles, and similar amounts of baronial equipment. Upon investigation it was revealed that Mr. Rothschild paid no tax to the Government of the United States on the grounds that he was a 'visitor.' When he came to the United States he protested that he was penniless and now insists that he is being kept in this splendor by his generous-hearted relatives. This same Rothschild and his generous-hearted relatives will have plenty of money to put another Roosevelt in the White House. To live like a king and pay no taxes is a situation worth pro-

The official Jewish organizations all favored this deal. Nothing appeared in the Jewish journals or came from the pens of the *official* Jewish writers who wrote for *official*

tecting and the Rothschilds propose to maintain that protection even if they have to name the next President of the United States.

CONSCIENCELESS JUNIOR

Franklin Roosevelt, Jr., is a tall, toothy, wall-eyed duplication of his conscienceless father. He stands high enough to be seen above the crowd. He was recently divorced by his DuPont wife, and he is now all slicked up, bathed, manicured and propagandized, ready to be made the 'crowned prince' of the Roosevelt dynasty. His home is not in the Congressional district that he represents. He just moved in on that district because it was predominately Jewish. Even the New York Democratic machine did not want him, so he ran as a Liberal on the Dubinsky-controlled ticket. The Jews that were theoretically members of the Democratic Party were only too happy to leave their party and vote for Dubinsky's stooge, Franklin, Jr. He was supported by the Marxists and the Socialists and his big support came directly from the Jew-Zionist political machine. Today, he is in Congress, the representative of this big Jew district. His first interest is in the Jews. He serves the Jews. He is the slave of the Jews. He is the 'yes-man' for the Jews. He has Jewish blood in his own veins. (See chart elsewhere in this book.) When he went to Washington to serve as a Congressman, he didn't go directly to Washington. He flew to Palestine and conferred with his Jew henchmen and masters, and from thence went to Washington, D. C.

Can the reader imagine anything more tragic than for this biological product of Eleanorism, Jewism and New Dealism to be the political tyrant and the Jew-owned puppet to rule over America?*

*Note: It is not generally known that Franklin Roosevelt, Jr., was not born in the United States. Legally this disqualifies him for the Presidency, but of course that doesn't bother the Roosevelts.

SCION JIMMIE

Jimmie Roosevelt, the eldest son of the late F. D. R., is a jobless floater who has racketeered on his father's power and his mother's chicanery for 15 years. At one time we find him holding an anonymous job in the White House. At another time we find him shaking down big businessmen for fantastic insurance policies. Again we find him in the divorce courts. At another time running for Governor of the State of California. Jimmie Roosevelt is not immoral; he is unmoral; i.e., he is not a man who knows what is right and violates his conscience. He is one, because of his environment and upbringing, who has no conscience. His bald, open face shows no lines of guilt because he does not feel guilty of anything. A bull that wanders through the gate into a neighbor's clover patch does not look guilty because he does not know it is wrong.

Jimmie Roosevelt's political life is comparable to the sex life of the African Zulus. They violate no moral code because they have no moral code.

33 NAMES FOR JIMMIE

1. **Crook.** This senior scion of the hypocritical Roosevelts represents the natural ultimate that can be expected from a family of dope traders, snobs, charlatans and hypocrites. It is impossible, because of lack of time and space, to give even a thumbnail sketch of the crookedness of Jimmie Roosevelt. One sample lies in the fact that at a very strategic moment when certain Hollywood moguls were about to be indicted, and perhaps convicted, these same moguls took on Jimmie Roosevelt for \$25,000 per year.

2. **Demagogue.** There is no promise in the book from pensions to prosperity, from mongrelization to immigration, that Jimmie will not make in order to satisfy those to whom he happens to be speaking. He comes by this

naturally, but lacks the hypocritical finesse practiced by the old man.

3. **Floater.** Jimmie is as much of a floater as a seasonal worker who follows the crops from cotton to prunes. No one really knows where he lives. It is assumed that by some technicality he has made himself a legal resident of California — at least, during his campaign for Governor.

4. **Jewish.** Elsewhere in this manuscript the family tree of the Roosevelts is given showing their Jewish ancestors back through Holland and Spain. Their ancestors were run out of Spain because of their attempt to undermine the Church. In Holland their name was Rosenvelt.

5. **Paramour.** The personal morality of Jimmie Roosevelt, like the rest of the Roosevelts, is too questionable and messy to put down in print.

6. **Mongrelizer.** Like his mother, Jimmie cooperates with all plans to mix the blacks and whites. He poses for pictures with his arms around Negroes. He favors the abolition of all segregation. He is only too happy, in return for votes, to experiment with your children and mine in the laboratory of demagoguery.

7. **Zionist.** Like all the Roosevelts, he owes his first allegiance to what the Jews want in Palestine. He is willing to adjust any opinion he has on foreign and domestic policy to satisfy the Zionist Jews.

8. **Anti-Truman.** He did his best to unseat Mr. Truman in the last election and offered the name of General Eisenhower, and realizes that he cannot become the next President unless he undermines the Truman organization.

9. **Pal of the Reds.** Like his notorious mother, Jimmy has played piggy-back and footie-footie and all sorts of

intimate games with the Red-front personalities being used as Stalin's tools in the U. S. A.

10. **Not even a Democrat.** Although posing as a Democrat, his conduct and his expression of opinions are contrary to all of the richest traditions of the Democratic Party. He deserted the head of his party in 1948. He played around with the A. D. A. (Americans for Democratic Action). No honest-to-God Democrat who is a Democrat in the tradition of Thomas Jefferson would claim Jimmie Roosevelt.

11. **Pincer Politician.** The Roosevelts have figured out that on the basis of New York and California being the two biggest states, they can establish a political pincer technique. Imagine a situation in the Democrat Party with Jimmie Governor of California and Franklin Governor of New York. Even if we could imagine a situation where they could restrain themselves enough not to run for President, whoever controlled these two states could name the next President of the United States and do it with such authority that they could bring themselves to power in 1956.

12. **S. O. E.** Some people are referring to Jimmie as a "S. O. E.," with apologies to Harry Truman when speaking of Drew Pearson. The "E," however, stands for "Eleanor." No one can think of Jimmie Roosevelt or his brothers without thinking of Eleanor, because it is her machiavelian mind, it is her aggressive chicanery which operates behind the scenes, and is not always **behind** the scenes. She is rather out in front with the 'phantom' jawbone of an ass beating down all opposition to the political ambitions of her sons and herself. (Note: The eminent columnist Westbrook Pegler sometimes refers to the late F. D. R. as 'Old Moose Jaw.')

13. **Frankfurter's stooge.** While serving in an anonymous capacity at \$10,000 per year in a sort of White House loafing job, Jimmie Roosevelt established great intimacy with Felix Frankfurter, the Austrian Jew im-

migrant who promoted himself by aggressive tactics in to the highest court of the land. The presence of this Frankfurter in the court is one of the scandalous and disgraceful situations growing out of the Roosevelt regime.

14. **Morgenthau's pal.** Jimmie is prepared to take up with Henry Morgenthau, architect of the savage Morgenthau plan, where his father left off. Morgenthau is the one the Jews have designated to take the Roosevelt pulse frequently. Being the juggler of high Jewish finance, Morgenthau has guaranteed to Jimmie that he need never want for money in the fulfillment of his Jew-controlled ambitions.

15. **Racketeer.** Following in the footsteps of his father, Jimmie couldn't keep his hands off the coin machine business. Early in his public career he got in with the biggest manufacturer of slot machines in the Nation, the Mills Novelty Co., and did some neat jobs for them. Located in Chicago, Jimmie's firm was the same firm that has for years supplied the slot machines for Frank Costello, the notorious gangster king.

16. **Socialist.** Jimmie Roosevelt has been a good friend of the Socialist, the late Harold Laski, who was the mental wizard behind British Socialism. This Laski, together with his comrades Shinwell and Strachey, was the one who designed the super New Deal for Britain and destroyed the private enterprise tradition of the United Kingdom. Every spending program designed to wreck American capital has the support of Jimmie.

17. **Power-mad politico.** The phobia for power which has become synonymous with the name Roosevelt exists in Jimmie in large quantities. Like his mother and his late father, he will promise anything. He will say anything. He will take money from any source necessary to get this power. He is so ambitious for power that he will trade off every phase of our American tradition

rather than to sacrifice his power ambitions.

18. **Artie's man.** In California there is a man by the name of Artie Samish. He is a San Francisco Jew. He is the state's most powerful lobbyist. He was exposed recently in a national magazine as the man who really manipulates California's state legislature. Representing the whiskey trust he has unlimited sums of money at his command. With this money he has purchased, coerced, intimidated and influenced a large number of state senators and representatives in California. From behind the scenes Samish is now giving his influence to Jimmie Roosevelt.

19. **Twig on the family tree.** One encouraging feature about the Jimmie Roosevelt campaign is his lack of finesse. He is part of the Roosevelt family tree, but he is at best, a twig. He doesn't have the old man's syrupy voice. He lacks the art of grinning hypocrisy, and he is not as adept at the brazen display of self-righteousness practiced by his repulsive mother. The arts of the old folks were of the sort that never failed to deceive less discriminating people. To people lacking the power of mature discrimination they were always able to put over their stuff. To mature thinkers who know how to see through people, the entire Roosevelt clan has always been offensive and repulsive. Some would call it 'ham acting' by playing up to the ignorant and the immature. They discovered that there were more people of this type who voted than of the more discriminating type.

20. **S. B.** These letters stand for "spoiled boy." Being the scion of a family of so-called Hyde Park aristocrats, Jimmie Roosevelt never did a day's work. He has never had to provide for himself. He has never successfully consummated anything that required intelligence, honesty and aggressive application. His only bid for fame is the fact that his name is Roosevelt. If his name were anything else he couldn't offer himself as a candidate

for township trustee. In fact, it is very doubtful if he could be elected township trustee in his home township even with the name Roosevelt.

21. **Artful promiser.** The technique of the New Dealer or the Stalinite or any other variety of Marxist is to promise the people in such a convincing manner that they won't realize that they have been deceived until the promiser has come into such complete authority that the people no longer have any of their freedom left. It is the 'cheese in the trap' technique. It is the old confidence game brought into politics. It is the Roosevelt formula.

22. **Tax looter.** It was F. D. R. who first discovered that the way to be elected President three or four times, in spite of anything that was ever said by Washington or Jefferson, was to capture the legislative body of the Congress long enough to seize the treasury. Then start spending fast enough to be able to coerce the legislative body into a continuation of extravagant spending. Roosevelt, Sr., was the first man to be able to use the Federal treasury to corrupt the great voting public. This tax-looting process has Jimmie Roosevelt's approval and will be carried on by him, should he come into the White House, more extravagantly than that which was practiced by his father.

23. **Transient.** Jimmie has wandered around all over the United States, living here and living there. He could well have established his residence in a trailer. Like his sister and his brothers, he seems to have wandered from one opportunistic situation to another, according to design. If California had a law requiring a duration of residence, he wouldn't even be able to offer himself as a candidate for Governor.

24. **Shakedown manipulator.** When F. D. R. became President, Jimmie organized an insurance company. It

was considered, in fact, a shakedown enterprise. A national periodical revealed in a lengthy article that by practicing the powers of coercion based on his father's authority, Jimmie was able to wring \$163,000 out of a few corporations within a few weeks. The article exposing this appeared under the head "Jimmie's Got It," and he certainly did have it — by the shakedown process.

25. **Opportunist.** Though Jimmie is a Socialist, no one could accuse him of being a sincere Socialist. Even if he played along with Stalin's pals, he would only do it as an opportunistic trick, either to please his masters or to turn a deal. I fully believe that Jimmie Roosevelt would run for President on a reactionary right wing ticket if he thought he could be President. The Roosevelts never show any signs of conscience. The reason they turned against their neighbor aristocrats and set out to mobilize the Negroes and the illiterates was because Franklin was a failure in his profession, Eleanor was an 'ugly duckling' that had been raised out of sight, and the whole thing added up to a sort of pitiful frustration with the U. S. A. as the big loser.

26. **Hollywood Jew 'front man.'** Since Jimmie Roosevelt, like his father and mother, is part Jewish, it has been a natural thing for him to be the 'front man' for the big Hollywood Jews. There is no way to tell how much trouble Jimmie has saved the big Hollywood moguls with the government. The black art of extreme pressure has been practiced by Jimmie beyond the imagination of man. In fact, the reason that little people and ordinary people have difficulty some times in understanding just how crooked the Roosevelts can be is because their humble imaginations cannot stretch as far as the big lies and the super-crooked manipulations of this gang.

27. **Fixer.** Without conscience, without character, and without self-respect Jimmie Roosevelt has prostituted his influence during his entire mature life in fixing things for a price.

28. **Hypocrite.** Hypocrisy is the fine art of the Roosevelts. It is merely another way of saying 'living a lie.' The Roosevelts posed as the friends of the downtrodden, but the help on their home estate was always paid poorly. They pretended to hate war but led this country into war at the very moment they were saying, "Your sons shall not be sent to die on foreign soil." These are only symbolic of the super-hypocrisy that they practiced.

29. **Self-seeker.** It is a notorious fact that the Roosevelts never spend any of their own money on politics. When they sell their name for political influence they make the other man pay and pay and and then they collect and collect.

30. **Work-misser.** One question should embarrass Jimmie Roosevelt, but of course these brazen Roosevelts are beyond the borders of embarrassment. They cannot be embarrassed, but if they did have any remnant of blushing power left, this question should embarrass Jimmie: "What is your profession?" He has none.

31. **Decayed chip off the old block.** One of the most optimistic hopes that we can have is that Jimmie Roosevelt is so completely degenerated into an inferior that he will not be able to practice the chicanery of his hypocritical father with the convincing deception that the senior Roosevelt exercised. It is to be hoped that the 'chip off the old block' is too soft and too wet to burn.

32. **Squatter.** In olden days people who possessed land that was not theirs and who settled where they did not belong and who invaded areas where they were not desired and then stayed on the theory that 'possession is nine-tenths of the law' — these people were called squatters. That is the game that is being played all over the United States by the Roosevelts including Jimmie.

33. **A Roosevelt.** To any mature-minded person who

knows contemporary history and is familiar with the deeds of the Roosevelts, there is no more disgraceful name that an individual could possess in this country than the name 'Roosevelt,' especially if it has any connection whatsoever with the Hyde Park dynasty.

IF THE ROOSEVELTS RULE AGAIN, WHAT CAN WE EXPECT?

1. **A Jewish Dictatorship.** Anyone who doesn't know that the Jews dictated and determined the policy of the late Franklin D. Roosevelt is just not mature in his thinking. James A. Farley was considered one of the shrewdest politicians that ever lived, but the Jews that swarmed into the White House caused him to be smeared, ridiculed and isolated even to the point where he was snubbed by the White House 'palace guard,' the left wingers, and the mangy crowd that hung around the Roosevelts. One important personality who is now in the White House said: "When we moved in, the place looked like a third-class hotel."

The savage Morgenthau, who sold Roosevelt on a scheme to kill or enslave 80 million Germans, is still licking his wounds, waiting for an opportunity to return to power. If one of the Roosevelts goes into the White House in 1952, Morgenthau will be there with him, together with Joe Davies, David Dubinsky, Lilienthal and the rest of the crowd. The Roosevelts are Zionists, and the Jew-Zionist machine is out to enforce its rule through a Roosevelt.

2. **A Rubber-Stamp Puppet Congress.** There is no limit to the amount of money that the Roosevelt backers will spend to elevate one of their toothy puppets to the Presidency. They will mobilize the morons, the Jews, the Negroes, the refugee voters, the Communists, the sappy

liberals and the ignoramuses in a more ruthless manner, if possible, than did the late F. D. R. Anyone who thinks that the above classifications do not constitute an approach to even an actual majority just doesn't know the score. When these people start electing Congressmen, you can bet your last bottom dollar that they will be puppets, bought and paid for by Jew money until they get into office, and then kept bought by money appropriated out of the U. S. Treasury. Walter Reuther, for instance, who is head of the C. I. O. Automobile Workers Union is able to assess his membership (the largest union in America) for \$10 million almost any time he thinks he needs it. He poses as an anti-Communist and perhaps is anti-Stalin, but he is pro-Socialist, Pro-New Deal, pro-Marxist. Good Americans are not too much concerned over what particular denomination of Communism an individual belongs to. Marxism is Marxism, whether it comes from Stalin, Trotsky, Roosevelt, Reuther or Dubinsky.

3. **Complete Mongrelization.** The Negroes will be turned loose upon us. They will make it a criminal offense to conduct any kind of a school that does not offer to mix black and white. Audiences in public meetings will be thrown together. Restauranters will be arrested or imprisoned if they refuse to serve Negroes. Residential sections will be destroyed and people who have spent their lifetime paying for a home will find Negroes living next door under pressure of the law, and anyone who opposes the presence of his new Negro neighbor will be arrested, fined, imprisoned or both. The person who belittles this threat just refuses to be sane and logical concerning the problems of this hour.

4. **Peace with Stalin by Appeasement.** If a Roosevelt is elected President he will give Stalin his way in Asia. Then give him his way in Europe. He will turn the Red propagandists loose on us in the United States. He will destroy the Un-American Activities Committee. He will oppose all loyalty tests, and he will finish the job neces-

sary to ripen America for the Red revolution, and we will go the way of Czechoslovakia and Poland, Hungary and Finland, and the rest.

5. **Complete Socialism Resulting in the Dictatorship of a Dynasty.** The Roosevelts will promise anything, and in promising it they will spend the treasury dry and establish an economic and political dictatorship on the Russian pattern.

6. **Re-election for at least Four Terms through Corruption, Coercion and Reprisal, Resulting Finally in a Permanent Dictatorship.** Controlling the treasury, rubber-stamping the Congress, subduing the nation economically, they will have little trouble re-electing and re-electing for one, two, three, four and finally what will result in a permanent term. Does anyone doubt that F. D. R. would have run for a fifth term or a sixth term had he lived? If the Jew manipulators can establish a dynasty where one President can name his successor, then elections will be mere forms that carry with them no important contests

7. **Liquidation of Private Business.** Regimentation means nationalization of business, and nationalization of business means the English socialist system. The English system means the enslavement of the superior and the authority of the inferior. It means the liquidation of the greatest system for producing prosperity and happiness the human race has ever known—the American system of free enterprise.

8. **Imprisonment, Persecution and Smear of all Political Opposition.** The author of this book and all similar crusaders will be persecuted, imprisoned, smeared. Ruthless character killers like Walter Winchell and Drew Pearson will be the ones who say who shall be imprisoned and who shall not. It will be the time of great tribulation for true patriots.

WHAT ABOUT TRUMAN?

Just before this book went to press Pearson and Winchell got out their meat-chopping machine and proceeded to work on Truman. Poor Truman! He will be fought by the Republicans and the Roosevelt gang. The Roosevelts will use the Republicans to smear Truman, and then they will use the Roosevelts to defeat the Republicans. In a desperate attempt to win the Republicans will trot out Eisenhower who did everything Roosevelt wanted him to do, and was the choice of the Jews, second only to the Roosevelts. In fact, he was Jimmie's choice in 1948. The words in this paragraph do not indicate that the writer has any brief for certain New Deal policies of Mr. Truman, but unless we hold back the Roosevelts the day will come when Truman and his administration will look like conservatives compared to the Jew-bought, Stalin-controlled dynasty of the Roosevelts.

If we fight and show courage we might have someone for President like John Bricker, backed up by fearless men on the order of McCarthy, Rankin and others. Whatever the case, God bless us and God save America.

ROOSEVELT'S JEWISH ANCESTRY

The following article appeared in a Washington, D. C. newspaper, October 15, 1936, and it was accompanied by a family tree chart, as reproduced herewith.

The chart shown herewith, prepared by the Carnegie Institution of Washington, D. C., has come as a shocking revelation to millions of American citizens. It explains things in connection with Roosevelt's Administration which cannot otherwise be understood.

Even a hasty perusal of this factual document convinces one, as to the President's Jewish ancestry. From the viewpoint of eugenics, it explains his natural bent toward radicalism.

It shows why he has given hundreds of so-called Liberals, Socialists and Communists, powerful positions in the na-

tional government. It reveals the origin of the sinister spirit which today animates the White House.

It proves unmistakably, that the Roosevelt Administration offers a biological, as well as political program.

The New York Times of March 14, 1935, quotes the President as saying: "In the distant past my ancestors may have been Jews. All I know about the origin of the Roosevelt family is that they are apparently descended from Claes Martenszen van Roosevelt, who came from Holland."

Additional information regarding the nationality of the Roosevelt family, was given by Chase S. Osborn, early in 1934, at St. Petersburg, Florida. Mr. Osborn was formerly Governor of Michigan.

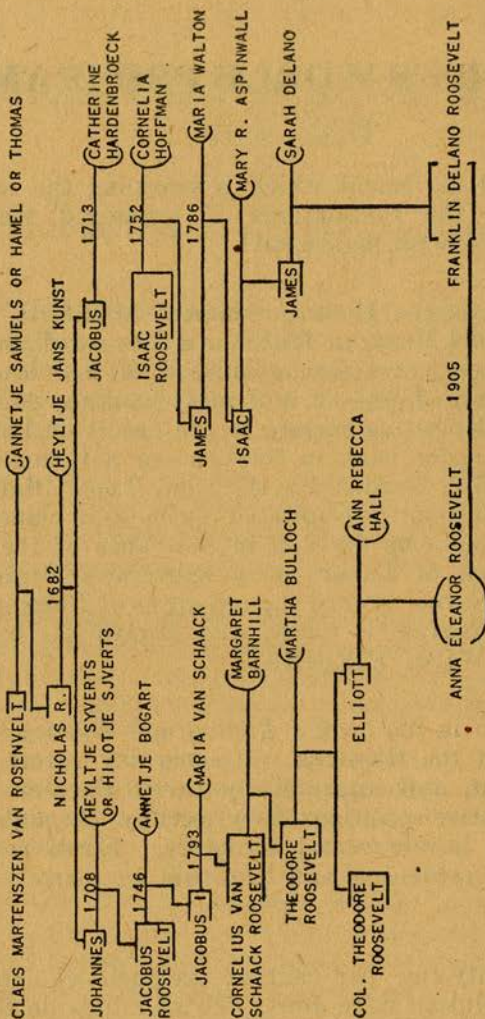

The leading newspaper of the city carried the following report after the interview:

"Although a Republican the former Governor has a sincere regard for President Roosevelt and his policies. He referred to the 'Jewish ancestry' of the President, explaining how he is a descendant of the Rossacampo family expelled from Spain in 1620. Seeking safety in Germany, Holland and other countries, members of the family, he said, changed their name to Rosenberg, Rosenbaum, Rosenblum and Rosenthal. The Rosenvelts in north Holland finally became Roosevelt, soon becoming apostates with the first generation and others following suit until in the fourth generation, a little storekeeper by the name of Jacobus Roosevelt was the only one who remained true to his Jewish faith. It is because of this Jewish ancestry, former Governor Osborn said, that President Roosevelt has the trend of economic safety in his veins."

Many will disagree with Osborn's conclusions although his facts are most interesting.

ROOSEVELT JEWISH ANCESTRY

THIS IS THE ROOSEVELT FAMILY TREE

Above is the exact family tree of the Roosevelts, establishing their Jewish ancestry.

Note: Millions of dollars are being spent by powerful Jewish financiers to put another Roosevelt in the White House. Every sensible Christian and loyal American will fight the campaign of Leftists, Communists, Jews and Internationalists to return the Roosevelt dynasty to power.

Extra copies of this family tree may be had in tract form by addressing all orders to the CHRISTIAN NATIONALIST CRUSADE, P. O. Box D-4, St. Louis 1, Missouri. 50 copies, \$1.00. 300 copies, \$5.00. 1000 copies, \$10.00.

NOTE: THIS FAMILY TREE CHART WAS PREPARED BY THE CARNEGIE INSTITUTION OF WASHINGTON, D. C.

JEWRY'S WORLD PROGRAM

The radical movement which is sweeping the world today, causing the foundations of organized society to crumble, is a Jewish movement!

Whether it is the First Communist Manifesto, written by the Jew Karl Marx, in 1848—or a Moscow dictatorship, set up eighteen years ago, composed of 545 leaders, of whom 447 were Jews—or a Jewish banking concern in Wall Street depositing money to the credit of Lenin and Trotsky in a sister bank in Sweden—or a Communist regime in France, headed by the Jew, Leon Blum—or a Spanish revolution, precipitated by a Jew named Bela Kun—or an ominous division in the ranks of the American Federation of Labor—or a subversive Brain Trust carrying the Nation toward the red abyss of Bolshevism . . . the radical program is today, and always has been, primarily A JEWISH PROGRAM.

James Abbe, in his book *I Photograph Russia*: "I have no doubt that the Russians will some day revert to type and precedent, and ungratefully throw the Jews out of the authoritative positions they occupy throughout the entire Soviet governmental structure. I ran across the symptoms of returning anti-Semitism in many places in Russia.

"But seventy-five per cent of the men who made the Russian Revolution were Jews; Jewish minds do the quick thinking in Soviet Russia today and in the Communist Party the world over—and Litvinoff & Co., Great Lubyanka Street, Moscow, is the main office of a system of political chain stores which girdle the globe."

ROOSEVELT, A EUGENICAL PROBLEM

It is silly to say there is no racial problem in the United States.

Right there, where you live, the eugenical future of your community depends upon the ancestors of your neighbors, how the present members of your locality marry, how they behave themselves morally, and the environment in which the living generation of children grow up.

Eugenics, like arithmetic, operates according to fixed laws. It finds and studies facts, and reports the evidence for critical interpretation—whether such facts and conclusions be pleasant or unpleasant.

Eugenics is that science which studies inborn qualities—physical, mental and spiritual—in man, with a view to their improvement. Only an imbecile would say that this system of thought, built up by years of laborious effort, is all hokum!

When a man like Roosevelt is elevated to the position of leadership in a Country, his chromosomes became a matter of public concern.

Chromosomes are the almost invisible threads of which 24 are interwoven with every body cell. These mysterious life-carriers contain all the traits of human heredity, from genius to crime, from color to height.

Your very existence is therefore suspended on these invisible “hairs”!

So, watch your chromosomes!

In mating, the child never receives all 24 chromosomes from one parent. He inherits 12 from the father and 12 from the mother—with never a variation.

This law of nature is beyond human control.

Science estimates that a father actually gives 6 chromosomes to his offspring, and hands down 6 more from his ancestors and near kin. The mother does likewise, making up the grand total of 12 to each cell of the new born child.

FOR THIS REASON . . .

Jews are rigidly nationalistic and individualistic. Dispersion keeps them scattered among the Gentile nations. They are dislocated! Try as they will to adjust themselves to their environment, they entertain a feeling of superiority and often contempt, for those about them.

Roosevelt inevitably draws upon his Semitic ancestry. It is, therefore, as natural for him to be a radical, as it is for others to be true Americans.

This is why he can boast of flaunting conventionalities, and publicly gloat over destroying those traditions which are fundamental to our national character. HE IS NOT ONE OF US! This may also explain why he attaches so little importance to his word of honor, and has no hesitation in breaking his promises.

It is to be doubted if he, himself, understands the inner forces that surge through his being, driving him further and further toward the Left. It's in his blood. Meanwhile, the result of 160 years' constructive effort on the part of Christian patriots threatens to be swept away.

For this reason, one of his first official acts after becoming President, was to invite Finkelstein, alias Litvinoff, to the White House for the purpose of establishing diplomatic relations with the Jewish dictatorship of Moscow.

For this reason, he has appointed Jewish Ambassadors to

such strategic diplomatic posts as Paris, Stockholm and Moscow.

For this reason, the notorious Felix Frankfurter has become the most powerful figure in the Nation, during the present Administration.

For this reason, Bernard Baruch has lately been called "the unofficial President of the United States."

For this reason, a super-cabinet, known as the "Brain Trust"—an organization of appointees dominated by powerful Jewish intellects, has been set up to usurp the constitutional power of our duly elected lawmakers.

We do not condemn Roosevelt for coming from Jewish stock. We condemn him for being a leader in the international radical movement which is throwing Gentile governments, the world over, into convulsions.

If the Jews were living as an independent nation, in their homeland (Palestine) today, it would be a mistake for a Gentile to rule over them.

In like manner, the Semitic mind is incapable of assimilating the Christian and American viewpoints sufficiently, to risk placing the destiny of 120,000,000 human beings in the hands of a few members of their race.

In the last analysis, it's a matter of their chromosomes!

The problem in Washington is one of eugenics, rather than politics!

One of the first important individuals in America to expose the Jew ancestry of the Roosevelts was Governor Chase Osborn of Michigan. Mr. Osborn was more than a Governor. He was one of the patriarchs of Michigan and enjoyed the respect of men and women of influence in all political parties. No one could accuse Governor Os-

born of being prejudiced and lacking objectivity in his thinking. Herewith we reproduce a photostatic copy of Governor Osborn's statement.

poorest to the richest."

Although a Republican the former governor has a sincere regard for President Roosevelt and his policies. He referred to the "Jewish ancestry" of the president, explaining how he is a descendant of the Rossacampo family expelled from Spain in 1620. Seeking safety in Germany, Holland and other countries members of the family, he said, changed their name to Rosenberg, Rosenbaum, Rosenblum, Rosenvelt and Rosenthal. The Rosenvelts in north ~~land~~ and finally became Roosevelt, soon becoming apostates with the first generation and others following suit until, in the fourth generation, a little storekeeper by the name of Jacobus Roosevelt was the only one who remained true to his Jewish faith. It is because of this Jewish ancestry, former Governor Osborn said, that President Roosevelt has the trend of economic safety in his veins.

Note: The periodical which carried the article concerning the Roosevelt Jewish ancestry was known as **The Revealer**, a Christian news journal which was then published by the Reverend Gerald B. Winrod. This article created such a sensation that the Roosevelts and the Jews in general never forgave Reverend Winrod and it was used as a basis for trying to imprison the Kansas minister during the recent war. The Communists and the extreme Jewish groups attempted to use the war as a persecution apparatus for imprisoning all so-called anti-Semites. To them anyone alert to the aggressive political ambitions of Jews is considered an anti-Semite.

AN OPEN LETTER TO ELEANOR ROOSEVELT

Mrs. Eleanor Roosevelt
Hyde Park, New York
Dear Mrs. Roosevelt:

This is an open letter to you from Gerald L. K. Smith. On September 8, you, in a dispatch that came out of Atlanta, Georgia, levelled an attack on the most listened to Christian preacher in the world. You branded as "fanatic" and as a man of ill repute my friend the late Rev. Dr. Walter Maier, the eminent Lutheran clergyman. At an earlier date you levelled a facetious and cynical and similar attack on His Eminence Cardinal Spellman. Earlier you had joined with the bloody savages of Europe in condemning Cardinal Mindszenty who is now facing the inevitable, liquidation by death.

Your attack on my friend Dr. Walter Maier could have been represented as an anti-Protestant attack, but the fact that you also attacked the leaders of the Catholic Church brands you as an anti-Christian influence in America and in the world.

It confirms the impression that some of us persecuted ones have had of you through the years—namely, that your first loyalty is to the Jews and their political child Communism. Recently you have posed (your background notwithstanding) as an anti-Communist, but whenever you are asked to display a symptom, or whenever you display it on your own initiative, you cast your rather questionably developed influence on the side of the Communists.

To me you personify and symbolize the corruption of our Republic. In a sanctimonious atmosphere of political self-righteousness you have made out of yourself one of the world's leading negative influences.

You have fraternized with traitors. You have dined with Communists. You extol dissipation. You have served the waters of treason to those under your influence, and you have conspired with America's most deadly enemies from every quarter of the globe.

I accuse you, Eleanor Roosevelt, of being the world's most evil influence, second only to Josef Stalin. You may protest and you may insist that you are no longer pro-Stalin, but your protestations come rather late. With the world on fire, with Western civilization on the very brink of the pit of chaos, with the Orient, including China, betrayed into the hands of your erstwhile pals and political friends, your protestations, which, in my opinion, go no deeper into yourself than your own teeth, have little to do with the truth.

A book could be written, and some day I hope to write it, on your betrayal of American tradition and on your scientific cooperation with America's destroyers, but in this letter I accuse you in brief, and I summarize in outline your diabolical un-American treasonable conduct during your public life.

1. You helped smuggle into this country by deception and full cooperation with Communists some of the most dangerous spies and propagandists with which we have been compelled to cope.

2. You fraternized with the Jew Joe Lash, the notorious Marxist, to the point of intimacy. He slept in the White House. He travelled with you. You gave him and he accepted your personal influence, and there was a time when it was generally understood that any program undertaken by Josef Stalin had your approval. Further investigation into this intimacy may reveal facts that could not be uttered in mixed company.

3. When Congressman Martin Dies, with the help and support of some of us who know the score, formed the first Un-American Activities Committee, he proceeded to uncover and expose the most obvious traitors to our country. These traitors included large numbers of your political pals. You immediately rushed to their defense. You actually stooped to the indignity of visiting the Dies Committee hearing and subjecting Mr. Dies and his patriotic Committee to coldblooded ridicule. It was rather a new thing in America for the wife of a President to heckle a Congressional Committee investigating Communism.

4. Your business manager was a racketeer and a shake-down artist. He was a Jew by the name of Colonel Myles Lasker who handled your radio contracts. When J. Edward Jones, an important New York businessman, launched an attack on the Fascist tendencies of the NRA he was immediately made the victim of the persecution and liquidation technique of your late husband's dictatorial bureaucratic machine. The result was that J. Edward Jones, later to be completely exonerated by the Supreme Court of the United States (before packing), was indicted. If he had been convicted he could have been sentenced to 75 years in prison. Through an intermediary your radio business manager, Colonel Myles Lasker, called on Jones and offered to fix the whole deal. He offered to introduce Mr. Jones to you. He offered to take him to the White House. He guaranteed the quashing of the indictment—for a mere \$50,000. Mr. Jones is still living and has the conversation of Mr. Lasker on a phonograph record taken down without his knowledge through the use of dictaphone equipment.

5. I accuse you of impugning the integrity of a good man when you attacked the noted Rev. Walter Maier. The first time I saw Dr. Maier he came to see me in Detroit, Michigan, and conferred with me for three hours. He impressed me at that time as a man of great intelligence and great courage. During the Detroit visit he discussed with me his radio secretary, Mr. Lawrence Reilly (now head of the Lutheran Research Society). Mr. Reilly was then one of the most influential students on the campus of Concordia Seminary in St. Louis. Dr. Maier said he wanted Mr. Reilly to visit with me and learn all he could about my methods and my program of activity in order that he might benefit by these facts in his worldwide radio broadcasts. Later I visited St. Louis and Dr. Maier was my guest at dinner in my suite in the Statler Hotel. He brought Mr. Reilly and other clergymen to my room. We visited without disagreement on any of the major issues until midnight. I am convinced that the Jewish gestapo knew this and they have used you in an attempt to purge this great preacher from his world-wide radio broadcasts on the grounds that he has had intimate contact with Gerald L. K. Smith.

6. You actually entertained Communists in the White House. You used the White House as a rallying center for Red traitors. They exploited this contact and played it to the limit, and in such conduct you exerted more influence on the side of Communism than even the high officials of the Communist Party.

7. You were a part of your husband's super-hypocritical conspiracy to get this country into war—against its will. A Gallup Poll survey and all other responsible poll surveys revealed, as late as November, 1941, that 87% of the American people were against this war. Your husband and the 'palace guard,' including yourself, had promised the Jews of the world, chiefly the Zionist leaders, that we would go to war and we would put Europe back into the hand of the Jewish controllers. Although you and your husband, in 1940, had promised no war and had promised that no boys would be sent across the ocean, you knew in your own hearts that you had committed America to war before 1940. You joined in telling the lie to America and your deceived followers believed you.

8. You knew, Mrs. Roosevelt, that Pearl Harbor was not a sneak attack, that it was effected by scientific processes; and having been caused by what your late husband and his compatriots did, was fully expected by you and the entire top command of the inner circle of your war-making machine. The 3,000 Pearl Harbor casualties and their blood were considered expendable in the fulfillment of this satanic purpose.

9. You know that Earl Browder, the head of the Communist Party, conferred with your husband in the White House, and you know that you participated in an undercover campaign, which was successful, in smuggling Mrs. Earl Browder into the U. S. A., and you cooperated with your husband in a plot to release Earl Browder from the Federal penitentiary in Atlanta, Georgia — for political purposes. You knew, as did your husband, that the Communist vote in New York State was the balance of power.

It took that vote to make your friend Herbert Lehman the Governor of New York.

10. You helped publicize the liquor business by announcing to the nation that 'every American girl' should learn early in life how much she could drink. Shame on you! Shame on you!

11. You have five children and there have been seven divorces and ten marriages. At no time have you deplored this wholesale example of domestic duplicity.

12. You know where the real guilt lies and you know the personalities involved in the guilt resulting in the assassination of your husband's most dangerous contemporary, Huey P. Long.

13. By the exploitation of your influence as the wife of the President of the United States, and now the widow of a former President, you have made between two and four million dollars cash, lending your influence to coffee, mattresses, soap, etc. Never in the history of our nation has a woman used the White House in such a ruthless manner for the satisfaction of her mercenary desires.

14. You have promoted, encouraged, inspired and justified the interbreeding of blacks and whites. Surely you know that if your will in this matter is carried out completely that the white race will be destroyed. You know that one of the first symptoms of decay of any civilization in history has been the loss of racial self-respect. You have gone into the South where Negroes constitute a real social problem and have made the most irresponsible proposals imaginable. Your influence has served to make you the goddess of the mongrelizers. You are the lionized 'angel' of the nation's most irresponsible Negroes. You have stimulated and created more racism in America than all the so-called Anti-Negro organizations.

15. You joined with Henry Morgenthau, Jr., in a plot

to liquidate the German race. This plot was carried to your husband in Quebec and O. K.'d by him without the knowledge of Secretary of State Hull and other responsible individuals in the State Department. It represented the most revengful, savage and inhuman gesture in the history of the race. It was a conspiracy to make the Christians of Europe the bond servants and the slaves of the international Jew. It was the most shameful, the most disgraceful, the most uncivilized plot humanity has ever known. The gas chamber propaganda, which you know to be a lie, was released in order to condition the American people for the savagery that you and your ilk hope to enforce upon the people of central Europe.

16. While screaming to high heaven your hypocritical affection for the poor downtrodden underprivileged of America you gave your ideological consent to your husband's agreement with Stalin to reduce the manhood of Italy and Germany to human slavery. Because of your moral support and your husband's megalomaniacal consent, literally millions of Christian men and women inhabit the slave labor camps behind the Iron Curtain today.

17. You tried to destroy Whittaker Chambers. Whittaker Chambers, in a report that no critic has successfully punctured, proved to the satisfaction of mature minds that Alger Hiss was a traitor who stole documents out of our State Department and turned them over to Russian agents. Hiss was the man who traveled with your husband. Hiss was the man who set up the United Nations Conference. He was one of your original pals. In a desperate attempt to save yourself and your conspiring ilk, including Felix Frankfurter (who long since should have been impeached), you, in a public speech, tried to discredit the integrity and testimony of Whittaker Chambers.

You, Eleanor Roosevelt, are the villainess of American history. Your only defense against the accusations contained in this letter is falsehood, evasion, indirection, hypocrisy

and the aid of the powerful influences that have kept you in the press, on the air, and in favor with immature minds and illogical observers.

Yes, I know that I have been liquidated! Your late husband's personal campaign to isolate me and silence me was successful. You know that at one time your husband even instructed the Justice Department to imprison me, but my underground influence among the people made it seem impractical to him.

Thank God, I am the leader of a resistance movement. We shall not always be despised, scorned and ridiculed by those whom your hypocrisy, duplicity and treasonable conduct have brought to power. When you attack the world's most prominent Protestant and America's most prominent Catholic, and when you stabbed the great martyr Mindszenty in the back while he faced death itself, you awakened a great new body of sleeping citizens. God save America from you and your kind, Eleanor Roosevelt. You have cast your influence on the wrong side of practically everything. From the racketeering practices of your sons to the war-mongering villany of your late husband, who went to his grave with the blood of 50 million human beings on his hands. I wonder why you didn't open the casket at the White House, and I wonder why you never opened it at Hyde Park, and I wonder why you never allowed the corpse to lie in state? Could it be that locked up in your heart is a secret which has never been given to the general Public? Could it be that the suspicion of suicide is well founded? Why did you refuse to permit even the personal representative of your husband's friend Joe Stalin to view the remains?

You personify to me, Eleanor Roosevelt, the influences that must be curbed, put down and eliminated if America is to survive. The America of Washington and Lincoln and the rest is not your America. You have betrayed that spirit, and those of us who through the years have been willing to face scorn, ridicule, character assassination,

prison and even death for our convictions shall not rest until your influence over America has been removed from the hearts of the people.

I remain, one who refuses to surrender regardless of the price.

Sincerely yours,

Gerald L. K. Smith
