NOTE ON PHOTOGRAPHY

In an effort to keep this an orderly and dignified ceremony, one which our graduates can remember with pride and enjoyment, guests are requested to remain seated during the entire ceremony and recessional and to refrain from taking pictures of the candidates until after the exercises are completed.

The University has contracted with Florida Photo Marketing, P.O. Box 59-3072, Miami, Florida 33159, to take a full color, close-up photograph of each candidate with the president and graduates will be contacted about purchasing the photographs at a later date.

Your cooperation will ensure that the commencement exercises will run smoothly and that the ceremony itself will become a fitting occasion to mark this significant milestone in the lives of our graduates.

JOHN B. BOY, a native of Tennessee, is an outstanding example of a typical American success story, both at the personal and business level.

He received a Bachelor of Science degree in mechanical engineering from Georgia Institute of Technology and worked for Proctor and Gamble after graduation until the outbreak of World War II. Mr. Boy spent five years in the U.S. Navy in the European and Pacific theaters where he commanded a destroyer escort.

After his discharge, he joined the U.S. Sugar Corporation as an assistant superintendent for its Starch House operation. His career advancement came rapidly through the '50s and he was made a vice president in 1960. In 1966 he was elected to the Board of Directors and assumed the presidency on July 1, 1970.

Under his leadership, U.S. Sugar has not only made great financial progress, but has become a model corporate citizen throughout its areas of operation and particularly in the State of Florida. The Corporation takes justifiable pride in the excellent human services provided for its workers, like the beautifully equipped, professionally staffed child care center in Clewiston, and in its support of education. Florida Atlantic University, itself, has been the beneficiary of close to three quarters of a million dollars from the U.S. Sugar Charitable Trust since 1972 in funds donated for community education.

Mr. Boy is a member of the Florida Council of 100, past director of the Florida State Chamber of Commerce, a leader in the sugar industry, and has been

recognized by other community, educational and industry groups for his leadership and concern. It is only fitting, therefore, that Florida Atlantic University take this opportunity to express its gratitude to this outstanding, public-spirited and generous individual by bestowing on John B. Boy the honorary degree, Doctor of Humanities.

ACADEMIC REGALIA

Lending color to the pageantry of the Academic Convocation are the robes and hoods worn by the faculty. This regalia reaches back into the medieval ages when it served a functional as well as ornamental role.

In the late nineteenth century, a conference was held by representatives of American colleges and universities to systemize academic dress. Since then, there have been periodic conferences to revise or reconfirm existing practices.

Essentially, holders of the bachelor's degree wear black robes unadorned. Holders of the master's degree wear hoods which are lined with the colors of the college conferring the degree and trimmed with the color representing the subject in which the degree was earned.

The doctoral robe is adorned with velvet and is also worn with the hood suitably ornamented.

The following list reflects the colors which will be found on the hoods worn in the Academic Procession at this Convocation, and the subject each represents.

Art, Letters, Humanities	White
Commerce, Business	Drab
Economics	Copper
Education	Light Blue
Engineering	Orange
Fine Arts	Brown
Journalism	Crimson
Law	Purple
Library Science	Lemon
Music	Pink
Nursing	Apricot
Philosophy	Dark Blue
Physical Education	Sage Green
Public Administration	Peacock
Science	Golden Yellow
Social Science	Citron
Speech	Silver Gray
