BUDGET PLAN OUTLINED TO SENATE

PRESIDENT GLENWOOD L. CREECH, briefing the University Senate on the budget cutbacks ordered by the state, said FAU's \$411,845 reduction has been met by cutting \$92,283 from the budget for Other Personal Services, \$72,219 from Expense and \$247,343 from Operating Capital Outlay.

The plan was approved recently by the University budget committee. Dr. Creech said \$50,000 reserve funds will be maintained in the Expense and OCO budgets, in case additional reductions are ordered.

"If there are no other reductions, these reserves will be released to the academic departments and the Library," he said.

(Dr. Creech issued a memorandum recently on the University's financial standing. Copies were sent to each unit within the University. If you have not seen one, contact your department head.)

PAUL SAMUELSON TO SPEAK ON CAMPUS

The next speaker in the Distinguished Lecture Series is DR. PAUL SAMUELSON, professor of economics at Massachusetts Institute of Technology and Nobel Laureate. Dr. Samuelson's topic is "The Cloudy Economic Outlook." The lecture is set for 8:30 p.m. on March 10, in the theatre. The public is invited.

BOOKSTORE SALE IN PROGRESS

The second annual St. Valentine's Sale will be held in the Bookstore Feb. 12-18. All clothing, pre-priced paperbacks, gift items and Peter Pauper books will be marked down 20 per cent, and the full line of Kingspoint Calculators will be 15 per cent off. The Bookstore, in the University Center, is open from 8:15 a.m.-7:15 p.m. Monday-Thursday, and 8:15 a.m. - 4:15 p.m., Friday.

BUSINESS UPDATE OPEN TO ALUMNI AND FRIENDS OF CBPA

The second annual Business Update program, "The Answer to Obsolescence," will be held March 1 at the University Center. Sponsored by the College of Business and Public Administration, the program is open to all alumni and friends of the college. Scheduled speakers include GEORGE RIEDER, president of the American Society for Personnel Administration, RAYMOND LIVINGSTONE, visiting professor and former vice president of TRW, Inc. and DR. JOEL ROSS, professor of management.

As part of the University's efforts to reduce expenses, Update will be published only once a month, on the 15th, effective with this issue. Space will be at a premium, so the Campus Calendar and items of general interest to the University community will receive the highest priority. News about individual members of the faculty and staff will appear in a condensed form.
